WHEREAS the Corporations of the Townships of Osgoode and Gloucester have by their petition represented that the said Townships are contiguous municipalities in the County of Carleton; that Long Island in the Rideau River lies opposite the said Townships; that by virtue of the provisions of *The Territorial Division Act*, Long Island is within the limits of the Township of Gloucester; that notwithstanding the provisions of the said Act, since the year 1870 the said Corporations have considered for all municipal purposes, including taxation, that part of Long Island lying opposite the Township of Osgoode to be part of the said Township and not a part of the Township of Gloucester; and whereas the petitioners have prayed for special legislation to remove the anomaly; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

ENGINEER'S REPORT
ON SUDBURY MUNICIPAL DRAINAGE
CITY OF SUDBURY
Ontario

W. B. McMULLEN
Engineer.

Sudbury, Ontario,
April 5, 1939.

To the Mayor and Council,
City of Sudbury,
Sudbury, Ontario.

Gentlemen:

In compliance with your instructions contained in By-law 1922 I have made an examination of Nolin's and Junction Creeks and submit my report together with plans, profiles, specifications, and assessments for deepening, widening, and extending the said works and providing them with a new outlet.

As authorized in my instructions I have retained the services of F. C. Lane, George A. McCubbin and N. B. MacRostie, Ontario Land Surveyors and Civil Engineers, for the making of the necessary surveys and plans and for the purposes of making this Report.

The works proposed are briefly as follows:

1. ON NOLIN'S CREEK. The construction of a channel partly by cedar cribbing and partly by reinforced concrete from the end of the present crib channel about five hundred feet east of College St. to an outlet in Junction Creek. This work will follow the general course of Nolin's Creek with variations made to secure better alignment. In order to secure a better outlet it is proposed to divert the channel across Lots 10 and 11 Young St. and Lot 123 Elm St. to enter Junction Creek south of Elm St.

2. ON JUNCTION CREEK. It is proposed to repair the present cedar cribbing from a point near the present outlet of Nolin's Creek to Elm St. and thence to continue cedar cribbing along the course of Junction Creek with variations to secure better alignment as far as Station St. From Station St. to the rock-cut near Kelly Lake Road it is proposed to repair and improve Junction Creek by open excavation following generally in the present course of the creek with variations to improve the alignment.

Details of the work and of the lands in any way affected are shown on the plans, profiles, and specifications which form a part of this Report.

ALLOWANCES UNDER SECTION 8 OF THE
MUNICIPAL DRAINAGE ACT

I determine the amounts to be paid to owners under sub-sections 5, 6, 7 and 8 of Sections 8 of The Municipal Drainage Act as shown in Schedule "A" of this report, and for the following purposes:

1. Allowances under sub-section 5 are intended to compensate owners whose lands are, by the drainage work, severed into two parts or severed from access to a public highway. These allowances are in lieu of construction of, or allowance for, bridges under sub-section 3 and 4. Where the proposed drainage work is constructed as a covered concrete channel the top slab may be used in lieu of bridges for such loads as may be authorized by the City Engineer.

2. Allowances under sub-section 6 for private ditch or drain are in payment for any private work forming complete or partial sections of the

proposed drainage work. Included under this heading are concrete walls or floors of buildings which will serve as side walls or cover for the proposed concrete channel of Nolin's Creek.

3. Allowances under sub-section 7 are intended as compensation for damage to lands and crops (if any) occasioned by disposal of material taken from the drainage work, including excavation, removal and depositing thereof.

4. Allowances under sub-section 8 are for the value to the drainage work of any lands belonging to persons, companies, or corporations, which it is necessary to use for the purpose of the construction of the drainage work. Land so taken is to be used for the purpose of the drainage work only, and is clearly shown on the detail plans forming part of this Report.

It is neither advisable nor economically possible to construct a drainage work of such depth, capacity, and outlet, as would insure against damage under abnormal or unforeseen circumstances. I therefore determine that the owners of all lands hereinafter assessed for benefit shall be allowed for any possible insufficient capacity of the drainage work or insufficiency of its outlet, the amounts shown in Schedule "B" under the heading of sub-section 9 section 8 and for the same reason I determine the allowances to be paid to owners of lands not assessed for benefit for the amount as shown therefor in the same schedule.

I estimate the cost of the proposed work exclusive of additional or excess cost of the portion on the lands of the C.P.R. due to the construction and operation of the railway as follows:

1. IN THE TOWNSHIP OF MCKIM

From the outlet to Long Lake Road

70,000 cu. yds. earth excavation and 2,000 cu. yds. of rock excavation.....\$ 19,900.00

2. IN THE CITY OF SUDBURY

- (a) From Long Lake Road to Station St.
37,500 cu. yds. earth excavation.....\$ 8,250.00
- (b) Station St. to old outlet of Nolin's Creek. Cedar
cribbing including excavation..... 89,170.00
- (c) Nolin's Creek from Elm St. to Beech St. Concrete
sections including excavation..... 103,950.00
- (d) Beech St. to 500 ft. east of College St. Cedar cribbing
including excavation..... 24,100.00
- (e) Extending storm water drain rendered necessary by
changing course of creeks..... 1,200.00
- (f) Improvement to highway bridges rendered necessary
by the drainage work..... 18,550.00

3. Allowances to be paid to owners under sub-sections 5, 6, 7,
8 of Section 8 of the Municipal Drainage Act.

- (a) In the Township of McKim.....\$ 3,216.00
- (b) In the City of Sudbury..... 43,144.00

4. Allowances to owners under sub-section 9 of Section 8 of
the Municipal Drainage Act, to be deducted from the
Assessment for Benefit.....\$ 14,270.00

5. Expenses incidental to the work.

- (a) Engineering and Superintendence.....\$ 26,400.00
- (b) Clerical work, preparing, printing, and serving of
by-laws..... 12,000.00
- (c) Legal, Debenture and Court of Revision costs..... 5,000.00

\$369,150.00

I assess the above estimated cost as shown, in Schedule "B" being the Assessment for Benefit, in Schedule "C" being the Assessment for Outlet Liability and in Schedule "D" being the assessment against the City of Sudbury for Highway bridges.

In addition to the work provided for in the above estimates and schedules of assessments it will be necessary to deepen the culvert under the tracks of the C.P.R. Co. where they cross Junction Creek near Station St. I estimate the cost of deepening the channel if not increased by crossing the railway tracks at One Hundred (\$100.00) Dollars and I assess against the said Railway Co. and its right of way and yards in the City of Sudbury all costs of lowering this culvert in excess of the said amount of One Hundred (\$100.00) Dollars.

The culvert shall have a concrete floor or invert conforming to the grade line of the drainage work and a cross sectional area as shown on the plans and specifications forming part of this Report.

The Railway Co. has the option of performing this work and in the event of its exercising such option and performing the said work it shall be paid the said amount of One Hundred (\$100.00) Dollars towards the cost thereof.

It is further necessary in constructing that portion of the drainage work across the right of way between Lisgar St. and Elm St. to increase the strength of the work to serve as a railway culvert. The cost of this portion if constructed uniform with adjoining portions of the work I estimate at Six Thousand Seven Hundred and Fifty (\$6,750.00) Dollars and I assess against the said Railway and its said right of way all cost of this portion in excess of the said amount. This work when constructed must conform to the grade, cross sectional area and type of construction set out in the plans and specifications forming part of this report.

The Railway Co. has the option of constructing the said portion across the said right of way and in the event of its exercising such option and constructing the said portion it shall be paid the said amount of Six Thousand Seven Hundred and Fifty (\$6,750.00) Dollars towards the cost thereof.

MAINTENANCE OF WORK

After completion the work is to be maintained in the manner provided by the Municipal Drainage Act. That is to say the City of Sudbury is to maintain the whole of the work within the City and on the road allowance between the City and the Township of McKim.

The Municipality of the Township of McKim is to maintain the portion of the work within its limits.

The cost of maintenance in both Municipalities is to be borne by assessments on lands and roads in the City of Sudbury in the same relative proportions as herein assessed, subject to variations if any, made under authority of the Municipal Drainage Act.

I have the honour to be, Gentlemen,

Your obedient servant,

(Signed) WM. McMULLEN

We have consulted with City Engineer W. B. McMullen in the preparation of the foregoing report. We approve the design of the work, the scale of the several allowances, and the principle of assessment.

(Signed) GEO. A. McCUBBIN.

(Signed) N. B. MACROSTIE.

SPECIFICATION FOR THE IMPROVEMENT OF NOLIN'S AND JUNCTION CREEKS IN THE CITY OF SUDBURY AND TOWNSHIP OF McKIM

GENERAL CONDITIONS

Tenders will be received and contracts awarded only in the form of lump sum for the completion of the whole work or specified sections thereof in accordance with the plans, profile, cross sections and specifications. Before tendering contractors are expected to examine the location and make their own tests and estimates of the nature, extent and value of the work. They are expected also to examine the plans, profiles, cross sections, and specifications and will be at liberty to examine any data in the possession of the Municipality or of the Engineer. No contracts will be let on either a unit or classification basis.

All the work included in any contract must be completed on or before the date fixed at the time of contract and must at the time of completion and final inspection be in first class condition and comply fully with the specifications. Final inspection will be made by the commissioner or engineer within twenty days after the commissioner has received notice in writing from the contractor that the work is completed, or as soon thereafter as weather permit.

Contractors will be held liable for any damages or expenses occasioned by their failure to complete the work on time and for any expenses of inspecting, superintending, reselling or restaking due to their neglect or failure to prosecute the work satisfactorily or to do it properly, also for any damages occasioned by leaving fences open or by any negligence in carrying on the work. Any such expenses or damages may be deducted by the commissioner from the amount of the contract or may be recovered by the Municipality from the contractor and his sureties.

These specifications shall be supplemented with a complete set of general specifications of the City of Sudbury for the purpose of all tenders which are called for this work.

EQUIPMENT ON THE WORK

Where the work is considered suitable for use of a dragline excavator the contractor in bidding on these sections of work shall state in their tenders that they have suitable machinery of this type available for the work. Where the work is of a type requiring the use of other machinery the contractor in his or their tender shall state that such machinery will be placed on the work and in all cases any machinery placed on this work must remain until such times as the work, or as that particular contract is completed, or a release for the machinery is procured in writing from the Engineer or Superintendent in charge of the work for the Municipality.

STAKES AND GRADES

Stakes and grades on all sections of the work shall be set by the Engineer in charge of the work for the Municipality. Contractors will be held responsible for the preservation of grades in their original position during the progress of the work, and also for seeing that bench marks are not destroyed, defaced or covered with excavated material.

ALIGNMENT

The Engineer of the Corporation shall establish the centre line of the work on any sections of the work undertaken. The finished work must conform to the alignment shown on the plans.

PROFILE

Excavation must be made at least to the depth intended by the grade

line on the profile, which grade line is governed entirely by bench marks. The profile shows for the convenience of contractors and others the approximate depth of excavation from the surface of the ground. Excavation shall be made to the grades and to the slopes as specified and shown on the plans. All slopes in earth excavation must be hand-trimmed to the slope of one and one-half feet horizontal to one foot vertical.

DISPOSAL OF MATERIAL

Material excavated from the work shall be disposed of as specified in the separate contracts at the time of letting.

BRIDGES

The contractor shall excavate and drain to its full depth and bottom width underneath all highway bridges. There shall be constructed, as shown on the detailed plans, a concrete floor underneath each bridge.

DESCRIPTION OF THE WORK

This specification and the report, plans, profiles and cross sections bearing the same date apply to and govern the improvement of Nolin's and Junction Creeks in the City of Sudbury and the Township of McKim commencing 500 lin. ft. east of College St. Bridge on Nolin's Creek and extending to an outlet for Nolin's Creek in Junction Creek and commencing near the old outlet of Nolin's Creek on Junction Creek and extending on Junction Creek to an outlet near Kelly Lake Road in the Township of McKim a total distance of 17,686 lin. ft. more or less.

ENGINEER'S REPORT
ON SUDBURY MUNICIPAL DRAINAGE
CITY OF SUDBURY
Ontario

W. B. McMULLEN
Engineer.

Sudbury, Ontario,
April 5, 1939.

To the Mayor and Council,
City of Sudbury,
Sudbury, Ontario.

Gentlemen:

In compliance with your instructions contained in By-law 1922 I have made an examination of Nolin's and Junction Creeks and submit my report together with plans, profiles, specifications, and assessments for deepening, widening, and extending the said works and providing them with a new outlet.

As authorized in my instructions I have retained the services of F. C. Lane, George A. McCubbin and N. B. MacRostie, Ontario Land Surveyors and Civil Engineers, for the making of the necessary surveys and plans and for the purposes of making this Report.

The works proposed are briefly as follows:

1. ON NOLIN'S CREEK. The construction of a channel partly by cedar cribbing and partly by reinforced concrete from the end of the present crib channel about five hundred feet east of College St. to an outlet in Junction Creek. This work will follow the general course of Nolin's Creek with variations made to secure better alignment. In order to secure a better outlet it is proposed to divert the channel across Lots 10 and 11 Young St. and Lot 123 Elm St. to enter Junction Creek south of Elm St.

2. ON JUNCTION CREEK. It is proposed to repair the present cedar cribbing from a point near the present outlet of Nolin's Creek to Elm St. and thence to continue cedar cribbing along the course of Junction Creek with variations to secure better alignment as far as Station St. From Station St. to the rock-cut near Kelly Lake Road it is proposed to repair and improve Junction Creek by open excavation following generally in the present course of the creek with variations to improve the alignment.

Details of the work and of the lands in any way affected are shown on the plans, profiles, and specifications which form a part of this Report.

ALLOWANCES UNDER SECTION 8 OF THE
MUNICIPAL DRAINAGE ACT

I determine the amounts to be paid to owners under sub-sections 5, 6, 7 and 8 of Sections 8 of The Municipal Drainage Act as shown in Schedule "A" of this report, and for the following purposes:

1. Allowances under sub-section 5 are intended to compensate owners whose lands are, by the drainage work, severed into two parts or severed from access to a public highway. These allowances are in lieu of construction of, or allowance for, bridges under sub-section 3 and 4. Where the proposed drainage work is constructed as a covered concrete channel the top slab may be used in lieu of bridges for such loads as may be authorized by the City Engineer.

2. Allowances under sub-section 6 for private ditch or drain are in payment for any private work forming complete or partial sections of the

proposed drainage work. Included under this heading are concrete walls or floors of buildings which will serve as side walls or cover for the proposed concrete channel of Nolin's Creek.

3. Allowances under sub-section 7 are intended as compensation for damage to lands and crops (if any) occasioned by disposal of material taken from the drainage work, including excavation, removal and depositing thereof.

4. Allowances under sub-section 8 are for the value to the drainage work of any lands belonging to persons, companies, or corporations, which it is necessary to use for the purpose of the construction of the drainage work. Land so taken is to be used for the purpose of the drainage work only, and is clearly shown on the detail plans forming part of this Report.

It is neither advisable nor economically possible to construct a drainage work of such depth, capacity, and outlet, as would insure against damage under abnormal or unforeseen circumstances. I therefore determine that the owners of all lands hereinafter assessed for benefit shall be allowed for any possible insufficient capacity of the drainage work or insufficiency of its outlet, the amounts shown in Schedule "B" under the heading of sub-section 9 section 8 and for the same reason I determine the allowances to be paid to owners of lands not assessed for benefit for the amount as shown therefor in the same schedule.

I estimate the cost of the proposed work exclusive of additional or excess cost of the portion on the lands of the C.P.R. due to the construction and operation of the railway as follows:

1. IN THE TOWNSHIP OF MCKIM
 - From the outlet to Long Lake Road
70,000 cu. yds. earth excavation and 2,000 cu. yds. of rock excavation.....\$ 19,900.00
2. IN THE CITY OF SUDBURY
 - (a) From Long Lake Road to Station St.
37,500 cu. yds. earth excavation.....\$ 8,250.00
 - (b) Station St. to old outlet of Nolin's Creek. Cedar cribbing including excavation..... 89,170.00
 - (c) Nolin's Creek from Elm St. to Beech St. Concrete sections including excavation..... 103,950.00
 - (d) Beech St. to 500 ft. east of College St. Cedar cribbing including excavation..... 24,100.00
 - (e) Extending storm water drain rendered necessary by changing course of creeks..... 1,200.00
 - (f) Improvement to highway bridges rendered necessary by the drainage work..... 18,550.00
3. Allowances to be paid to owners under sub-sections 5, 6, 7, 8 of Section 8 of the Municipal Drainage Act.
 - (a) In the Township of McKim.....\$ 3,216.00
 - (b) In the City of Sudbury..... 43,144.00
4. Allowances to owners under sub-section 9 of Section 8 of the Municipal Drainage Act, to be deducted from the Assessment for Benefit.....\$ 14,270.00
5. Expenses incidental to the work.
 - (a) Engineering and Superintendence.....\$ 26,400.00
 - (b) Clerical work, preparing, printing, and serving of by-laws..... 12,000.00
 - (c) Legal, Debenture and Court of Revision costs..... 5,000.00

\$369,150.00

I assess the above estimated cost as shown, in Schedule "B" being the Assessment for Benefit, in Schedule "C" being the Assessment for Outlet Liability and in Schedule "D" being the assessment against the City of Sudbury for Highway bridges.

In addition to the work provided for in the above estimates and schedules of assessments it will be necessary to deepen the culvert under the tracks of the C.P.R. Co. where they cross Junction Creek near Station St. I estimate the cost of deepening the channel if not increased by crossing the railway tracks at One Hundred (\$100.00) Dollars and I assess against the said Railway Co. and its right of way and yards in the City of Sudbury all costs of lowering this culvert in excess of the said amount of One Hundred (\$100.00) Dollars.

The culvert shall have a concrete floor or invert conforming to the grade line of the drainage work and a cross sectional area as shown on the plans and specifications forming part of this Report.

The Railway Co. has the option of performing this work and in the event of its exercising such option and performing the said work it shall be paid the said amount of One Hundred (\$100.00) Dollars towards the cost thereof.

It is further necessary in constructing that portion of the drainage work across the right of way between Lisgar St. and Elm St. to increase the strength of the work to serve as a railway culvert. The cost of this portion if constructed uniform with adjoining portions of the work I estimate at Six Thousand Seven Hundred and Fifty (\$6,750.00) Dollars and I assess against the said Railway and its said right of way all cost of this portion in excess of the said amount. This work when constructed must conform to the grade, cross sectional area and type of construction set out in the plans and specifications forming part of this report.

The Railway Co. has the option of constructing the said portion across the said right of way and in the event of its exercising such option and constructing the said portion it shall be paid the said amount of Six Thousand Seven Hundred and Fifty (\$6,750.00) Dollars towards the cost thereof.

MAINTENANCE OF WORK

After completion the work is to be maintained in the manner provided by the Municipal Drainage Act. That is to say the City of Sudbury is to maintain the whole of the work within the City and on the road allowance between the City and the Township of McKim.

The Municipality of the Township of McKim is to maintain the portion of the work within its limits.

The cost of maintenance in both Municipalities is to be borne by assessments on lands and roads in the City of Sudbury in the same relative proportions as herein assessed, subject to variations if any, made under authority of the Municipal Drainage Act.

I have the honour to be, Gentlemen,

Your obedient servant,

(Signed) WM. McMULLEN.

We have consulted with City Engineer W. B. McMullen in the preparation of the foregoing report. We approve the design of the work, the scale of the several allowances, and the principle of assessment.

(Signed) GEO. A. McCUBBIN.

(Signed) N. B. MACROSTIE.

SPECIFICATION FOR THE IMPROVEMENT OF NOLIN'S AND JUNCTION CREEKS IN THE CITY OF SUDBURY AND TOWNSHIP OF MCKIM

GENERAL CONDITIONS

Tenders will be received and contracts awarded only in the form of lump sum for the completion of the whole work or specified sections thereof in accordance with the plans, profile, cross sections and specifications. Before tendering contractors are expected to examine the location and make their own tests and estimates of the nature, extent and value of the work. They are expected also to examine the plans, profiles, cross sections, and specifications and will be at liberty to examine any data in the possession of the Municipality or of the Engineer. No contracts will be let on either a unit or classification basis.

All the work included in any contract must be completed on or before the date fixed at the time of contract and must at the time of completion and final inspection be in first class condition and comply fully with the specifications. Final inspection will be made by the commissioner or engineer within twenty days after the commissioner has received notice in writing from the contractor that the work is completed, or as soon thereafter as weather permit.

Contractors will be held liable for any damages or expenses occasioned by their failure to complete the work on time and for any expenses of inspecting, superintending, reselling or restaking due to their neglect or failure to prosecute the work satisfactorily or to do it properly, also for any damages occasioned by leaving fences open or by any negligence in carrying on the work. Any such expenses or damages may be deducted by the commissioner from the amount of the contract or may be recovered by the Municipality from the contractor and his sureties.

These specifications shall be supplemented with a complete set of general specifications of the City of Sudbury for the purpose of all tenders which are called for this work.

EQUIPMENT ON THE WORK

Where the work is considered suitable for use of a dragline excavator the contractor in bidding on these sections of work shall state in their tenders that they have suitable machinery of this type available for the work. Where the work is of a type requiring the use of other machinery the contractor in his or their tender shall state that such machinery will be placed on the work and in all cases any machinery placed on this work must remain until such times as the work, or as that particular contract is completed, or a release for the machinery is procured in writing from the Engineer or Superintendent in charge of the work for the Municipality.

STAKES AND GRADES

Stakes and grades on all sections of the work shall be set by the Engineer in charge of the work for the Municipality. Contractors will be held responsible for the preservation of grades in their original position during the progress of the work, and also for seeing that bench marks are not destroyed, defaced or covered with excavated material.

ALIGNMENT

The Engineer of the Corporation shall establish the centre line of the work on any sections of the work undertaken. The finished work must conform to the alignment shown on the plans.

PROFILE

Excavation must be made at least to the depth intended by the grade

line on the profile, which grade line is governed entirely by bench marks. The profile shows for the convenience of contractors and others the approximate depth of excavation from the surface of the ground. Excavation shall be made to the grades and to the slopes as specified and shown on the plans. All slopes in earth excavation must be hand-trimmed to the slope of one and one-half feet horizontal to one foot vertical.

DISPOSAL OF MATERIAL

Material excavated from the work shall be disposed of as specified in the separate contracts at the time of letting.

BRIDGES

The contractor shall excavate and drain to its full depth and bottom width underneath all highway bridges. There shall be constructed, as shown on the detailed plans, a concrete floor underneath each bridge.

DESCRIPTION OF THE WORK

This specification and the report, plans, profiles and cross sections bearing the same date apply to and govern the improvement of Nolin's and Junction Creeks in the City of Sudbury and the Township of McKim commencing 500 lin. ft. east of College St. Bridge on Nolin's Creek and extending to an outlet for Nolin's Creek in Junction Creek and commencing near the old outlet of Nolin's Creek on Junction Creek and extending on Junction Creek to an outlet near Kelly Lake Road in the Township of McKim a total distance of 17,686 lin. ft. more or less.

THE WORK SHALL CONSIST OF:

1. Open cut earth excavation with channel width of twenty-five feet bottom and side slopes of $1\frac{1}{2}$ feet horizontal to one foot vertical. This class of construction shall extend from Station St. in the City of Sudbury to the outlet near Kelly Lake Road in the Township of McKim, a distance of 12,317 lin. ft. more or less.

2. Open channel with earth bottom of 30 feet in width and vertical cedar cribbed sides. The class of construction shall extend:

- (a) On Junction Creek—From Station St. in the City of Sudbury to a point near the present outlet of Nolin's Creek, a distance of 2,459 lin. ft. more or less.
- (b) On Nolin's Creek—From Beech St. to a point 500 ft. more or less east of College St. to join the present cedar cribbing, an open channel, with earth bottom and cedar cribbed sides.

3. There shall be constructed a channel with reinforced concrete sides bottom slab and top slab to the sizes set forth on the plans namely:

- (a) From the new outlet at Junction Creek to the Burrough's Block a concrete channel with a cross sectional area of 192 sq. ft. This section shall be 16 ft. wide and 12 ft. high, inside measurements.
- (b) From the Davis Block (Lot 165 Elm St.) to the present covered section the culvert shall be 20 ft. wide and 11 ft. high, inside measurements.
- (c) On that section of Creek which is covered with buildings, namely, Lots 1 and 2 Elm St., Lot 165 Elm St. and Lisgar St. The existing walls are to be used and a concrete invert placed throughout this section.

4. A concrete invert shall be constructed under each Highway bridge as set forth on the plans.

5. The corner of the building known as the Burrough's Block shall be cut off as shown on the plans and the roof slab of the Creek opening shall be supported by constructing a new concrete wall and installing I-Beams to support the floor loads.

6. The wall of the building known as the Davis Block shall be removed as shown on the plans and steel beams installed to support the floor of the building.

7. The present deck of Durham St. Bridge shall be removed and a flat slab constructed to replace the present beams as shown on the plans.

CROSS SECTIONS

Cross sections of the drain are shown on the plans. The sections show the bottom width and side slopes to which the excavation is to be maintained.

DISPOSAL OF MATERIAL

Material excavated from the work is to be used to fill the abandoned channel where it is considered by the Engineer to be practicable. Excavated material when not considered necessary by the Engineer to back-fill abandoned channel may be used to fill property adjoining the work and abutting property. Owner may apply to have excavated material placed on his property as fill and where it is considered economical to do so the Engineer may order fill placed on the property at a cost of ten (10c) cents per cu. yard.

OBSTRUCTIONS

Any obstructions encountered in the course of the work must be removed by the contractor.

BRIDGES

Excavation and concrete work under all bridges must be carried out in such a way that no escape of material from under or around footings. Sheet piling shall be used on this work and the Engineer may, if he should consider necessary, order extra sheeting or bracing to be installed at any structure and such order shall not be considered as an extra to the work and no extra payment shall be made to the contractor for the same.

STAKING OF CHANNEL

The centre line of the channel on any or all sections of the work shall be staked at the time of commencement of the work. The contractor shall protect all Engineer's stakes and shall be held responsible for the preservation of all stakes in their original positions and also for seeing that bench marks are not destroyed.

1. Wherever "Quebec Commission" appears herein it shall be deemed to include the Quebec Commission and any other Corporation formed by Quebec to succeed the said Quebec Commission, wherever "Ontario Commission" appears herein it shall be deemed to include the Ontario Commission and any other Corporation formed by Ontario to succeed the said Ontario Commission and wherever "level" appears herein it shall mean elevation above mean sea level according to geodetic survey of Canada datum.

2. (a) For the development of the waterpower at Carillon, Ontario hereby demises and leases unto the Quebec Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Hawkesbury East and Hawkesbury West, in the County of Prescott, in the Province of Ontario, containing by admeasurement an area of 1900 acres, more or less, being the lands described in paragraph 1 of Schedule A hereto, together with such lands owned by Ontario, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpower (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 1 of Schedule A, or on lands in the Province of Quebec; and

2. (b) Ontario also hereby gives leave and license and due and full permission to the Quebec Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Ontario as are necessary to enable the head-water level of the Carillon waterpower to be raised to a level of 135 feet, and to enable water to be diverted pursuant to clause 7; provided, however, that the Quebec Commission shall give Ontario not less than twelve months' written notice before flooding the said lands or any part thereof and that during the first three months of the said period of notice Ontario shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Ontario shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Quebec Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Quebec Commission shall within three months after the expiration of the said period of notice pay Ontario for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule B hereto.

2. (c) For the development of the waterpower at Rocher Fendu and the utilization in conjunction therewith of the lower half of the fall at the site known as Paquette, Ontario hereby demises and leases unto the Quebec Commission those certain parcels or tracts of lands and lands under the waters of the Ottawa River, situate in the Townships of Ross, Westmeath and Pembroke, in the County of Renfrew, in the Province of Ontario.

containing by admeasurement an area of 10,000 acres, more or less, being the lands described in paragraph 2 of Schedule A hereto, together with such lands owned by Ontario, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpower (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 2 of Schedule A, or on lands in the Province of Quebec; and

2. (d) Ontario also hereby gives leave and license and due and full permission to the Quebec Commission to enter upon, possess, occupy, use and enjoy, for flooding purposes only, such additional lands owned by Ontario as are necessary to enable the head-water level of the Rocher Fendu waterpowers to be raised to a level of 350 feet and also to enable the lower half of the fall at the site known as Paquette to be utilized in conjunction therewith, and to enable water to be diverted pursuant to clause 7; provided, however, that the Quebec Commission shall give Ontario not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Ontario shall have the privilege of licensing or authorizing any person to enter on the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Ontario shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Quebec Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Quebec Commission shall within three months after the expiration of the said period of notice pay Ontario for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule B hereto.

SAVING, EXCEPTING AND RESERVING nevertheless unto Ontario in respect of lands referred to in this clause (2), all the ores, mines and minerals (including sand and gravel) which are or shall hereafter be found on or under the said lands, and access thereto; provided that nothing done in respect of or under or pursuant to such reservation shall interfere with or restrict or imperil the full development and use of the said waterpowers to the extent contemplated by this agreement, and provided further that the Quebec Commission may utilize free of charge in the construction of the works referred to in clause 6 any and all sand and gravel on or under the said lands, not otherwise disposed of by Ontario, and also any and all rock which does not contain ore or minerals.

TO HAVE AND TO HOLD the same with the appurtenances thereto unto the Quebec Commission for the full end and term of nine hundred and ninety-nine (999) years to be computed from the date hereof, yielding and paying as rental therefor, unto His Majesty and His Heirs and Successors in right of the Province of Ontario at the Treasury Department, Toronto, yearly and every year during the said term hereby created after the commencement date for rental hereinafter specified in this clause, in lawful money of Canada, at the rate of One Dollar (\$1.00) for each and every average yearly horsepower of energy produced by the said Quebec Commission from Ontario's share of the water.

For the purpose of calculating the amount of such horsepower produced from Ontario's share of the water, under and by virtue of these presents, one-half of all the power produced in any lease year at each site, shall be deemed to have been developed from Ontario's share of the water at each respective site.

For the purpose of so calculating the power produced at the Rocher Fendu site all the power produced in the Grand Calumet Channel shall be included; provided that the power produced at the Rocher Fendu site in any lease year from Ontario's share of the water shall be deemed to be not greater than the quantity produced in excess of fifty thousand average yearly horsepower.

In the event that Ontario's share of the water or any portion thereof is utilized to produce electrical power or energy, then the amount of such

electrical power or energy so produced shall be determined by suitable measurements at the generator terminals at the site of the development. In the event that Ontario's share of the water or any portion thereof is utilized to produce forms or types of power or energy other than electrical power or energy, then the amount thereof shall be determined by appropriate methods of measurement.

For the purposes of this lease, one horsepower shall be taken to be .746 kilowatts or 550 foot pounds of work per second.

Suitable measuring instruments shall be provided and records kept by the Quebec Commission which shall at all times allow access thereto and supply reports therefrom to Ontario.

Separate bills for rental shall be rendered for each and every site.

The said rentals shall commence on the first day the development of the said waterpowers or either of them is in operation and produces power or energy. The first payment of such rental shall be for the period from the said first day of operation and production to the 31st day of March next following, inclusive, and shall be paid on or before the 1st day of May immediately succeeding. Lease years after the said period for which the first payment is to be so made shall terminate on the 31st day of March in each and every year, and rental for each such lease year shall be paid on or before the 1st day of May next following.

The said rentals payable by the Quebec Commission hereunder shall be subject to review at the end of twenty-five (25) years from the date hereof, and thereafter at the end of each and every twenty-five (25) years until the expiry or earlier determination of this lease. If at the end of such twenty-five (25) year periods or any of them, it shall appear necessary or desirable that the amounts to be paid hereunder should be adjusted, then such adjustments may be made by agreement between the parties hereto, and failing such agreement shall be submitted to the arbitral tribunal as provided in Clause 46.

3. Ontario further covenants and agrees that it will as and when requested by the Quebec Commission acquire all lands and rights in the Province of Ontario not owned by Ontario, and which are necessary to enable the head-water level of the Carillon waterpower to be raised to a level of 135 feet, and to enable water to be diverted pursuant to Clause 7, in respect of the Carillon waterpower, and to provide the site and access referred to in Clause 2 (a). The Quebec Commission before or at the time of making such request shall furnish Ontario with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights shall by Order of the Lieutenant-Governor of Ontario-in-Council be added to the properties leased to the Quebec Commission by Clause 2, and shall be subject to the provisions of the said Clause 2.

The Quebec Commission shall when making request for the said lands and rights as aforesaid pay to Ontario, or such person or corporation as Ontario may direct, \$2,462,933 for such portion thereof as is described in Schedule C hereto, regardless of the actual price paid by Ontario for the said lands and rights, and Ontario shall not be obliged or required to account for any difference between the said sum of \$2,462,933 and the actual price paid for the said portion of the said lands and rights by Ontario. The said lands and rights in respect of which the Quebec Commission is to pay Ontario the said sum of \$2,462,933, shall comprise only the lands and rights described in Schedule C hereto, and if the Quebec Commission requests Ontario to acquire other lands or rights pertaining to the Carillon waterpower the Quebec Commission shall pay Ontario the price paid by Ontario therefor, together with the cost of such acquisition. Subject to the provisions of Clause 9 damage to or encroachment upon any waterpower not within the limits of the lands described in paragraph 1 of Schedule A shall not be deemed to be included in lands and rights in respect of which the said sum of \$2,462,933 is to be paid. The said sum of \$2,462,933 shall be deemed to include compensation for the relocation or alteration of highways owned by Ontario within the limits described in Schedule C, the Quebec Commission undertaking to cause to be constructed

in the Province of Quebec a highway connecting the Quebec provincial highway system with the relocated Ontario highway which shall extend to the interprovincial boundary line. If Ontario fails to acquire lands and rights in respect of the Carillon waterpower in accordance with the said complete detailed description referred to hereinabove in this clause, when so requested by the Quebec Commission, and if the Quebec Commission has fully complied with the provisions of this Clause 3, Ontario shall pay for all damage resulting therefrom in the Province of Ontario, but if the Quebec Commission fails to furnish Ontario with the complete detailed description of lands and rights hereinabove referred to in this Clause 3, or has otherwise failed to comply with such provisions, the Quebec Commission shall be liable for any additional expense resulting therefrom.

True copies of the plan referred to in Schedule C shall be verified by the signature of the Minister of Lands and Forests for the Province of Ontario, the Minister of Lands and Forests for the Province of Quebec and the Corporate seals of the Ontario Commission and the Quebec Commission, and shall be delivered to each of the parties hereto.

The "High Water Mark" shown on the said plan shall be deemed to be indicative only, and the lands shown as extending to the said "High Water Mark" shall be deemed to extend to the actual high water mark of the Ottawa River.

The inclusion of Periwig Island in the lands shown coloured red on the said plan shall not constitute an admission by Quebec or the Quebec Commission that the island lies within the Province of Ontario.

4. Ontario further covenants and agrees that it will as and when requested by the Quebec Commission acquire all lands and rights in the Province of Ontario not owned by Ontario, and which are necessary to enable the head-water level of the Rocher Fendu waterpower to be raised to 350 feet and to enable water to be diverted pursuant to Clause 7, in respect of the Rocher Fendu waterpower, and to enable the lower half of the fall at the site known as Paquette to be utilized in conjunction with the waterpower development at Rocher Fendu, and to provide the site and access referred to in Clause 2 (c). The Quebec Commission shall before or at the time of making such request furnish Ontario with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights acquired pursuant to this Clause 4 shall by Order of the Lieutenant-Governor of Ontario-in-Council be added to the properties leased to the Quebec Commission by Clause 2, and shall be subject to the provisions of the said Clause 2. If Ontario fails to acquire lands and rights in accordance with the said complete detailed description referred to hereinabove in this clause, when so requested by the Quebec Commission, and if the Quebec Commission has fully complied with the provisions of this Clause 4, Ontario shall pay for all the damage resulting therefrom in the Province of Ontario, but if the Quebec Commission fails to furnish Ontario with the complete detailed description of lands and rights hereinbefore referred to in this Clause 4, or has otherwise failed to comply with such provisions, the Quebec Commission shall be liable for any additional expense resulting therefrom.

For all lands and rights acquired by Ontario for the Quebec Commission either pursuant to the foregoing provisions of this Clause 4, or otherwise for the purposes of this agreement, being other than the lands and rights relative to the Carillon waterpower, described in Schedule C, the Quebec Commission shall pay to Ontario, or such person or corporation as Ontario may direct, the purchase price paid by or on behalf of Ontario to acquire such lands and rights together with the cost of acquiring them as and when the same are so acquired. For lands or rights, other than those described in Schedule C, Ontario shall not pay a higher price than such price as shall be approved by the Quebec Commission, provided, however, that if the owner or owners of such lands or rights shall be unwilling to accept the purchase price which the Quebec Commission is willing to approve, the said lands or rights shall be expropriated by or on behalf of Ontario, and Ontario shall pay as the purchase price thereof, the proper amount as determined in such expropriation proceedings. The Quebec Commission shall thereupon reimburse Ontario accordingly, and the

costs of such expropriation shall be deemed to be included in the cost of acquiring the said lands or rights.

5. Whenever under the provisions of clauses 3 or 4 the Quebec Commission makes a proper request that Ontario acquire lands or rights, and complies fully with the provisions of the clause or clauses hereof relating to such request, Ontario shall do everything within the legislative authority of the Province of Ontario to put the Quebec Commission in possession of such lands or rights for the purposes of this agreement within three (3) months from the receipt of such request.

6. Upon the said properties hereby leased to the Quebec Commission the said Quebec Commission may construct buildings, dams, weirs, tunnels, races, flumes, sluices, pits and such other structures and works as it may deem necessary or desirable to develop the said Carillon and Rocher Fendu waterpowers and to utilize the lower half of the fall at the site known as Paquette subject to the provisions of The Lakes and Rivers Improvement Act, R.S.O. 1937, Chapter 45, provided, however, that should approval thereof, or of any part thereof, under the said The Lakes and Rivers Improvement Act or similar legislation of the Province of Ontario be refused, the Quebec Commission may appeal therefrom to the arbitral tribunal provided for in Clause 46 hereof. The Quebec Commission may appeal to the said arbitral tribunal from any decision of the Minister of Lands and Forests fixing the high water mark of the Ottawa River under the provisions of sub-section 3 of section 1a of The Bed of Navigable Waters Act, as re-numbered and amended by section 3 of The Statute Law Amendment Act, 1940, or similar legislation of the Province of Ontario.

7. The Quebec Commission may divert water in the Ottawa River from its natural channel as part of or pertaining to the development of waterpowers at Carillon and Rocher Fendu authorized hereby at or above the sites of the said respective waterpowers subject to returning the said water to the natural channel of the Ottawa River below the said respective sites.

8. The Quebec Commission shall and will indemnify and save harmless Ontario and the Ontario Commission from any loss, costs, damage, damages or expenses Ontario or the Ontario Commission may sustain, suffer or be put to by reason of or on account of the Quebec Commission exceeding the rights or powers hereby granted to it or exercising the same in a negligent manner.

9. Ontario and the Ontario Commission respectively release and discharge the Quebec Commission from all claims and demands for or in respect of damage or loss sustained by Ontario or the Ontario Commission in respect of any waterpower upon waters tributary to the Ottawa River owned or operated by Ontario or the Ontario Commission, occasioned by or on account of the Quebec Commission exercising in a proper manner the rights, powers and privileges hereby granted to it in accordance with the terms hereof.

10. Subject to the provisions of Clause 9 the Quebec Commission assumes any and all liability, in respect to damage to or encroachment upon any waterpower not within the limits of the lands described in Schedule A occasioned by anything done or purported to be done under or pursuant to these presents by the Quebec Commission or anyone on its behalf, and the Quebec Commission agrees to indemnify and save harmless Ontario therefrom.

11. The Quebec Commission shall whenever so required by or on behalf of Ontario erect and maintain durable and efficient fishways for the free passage of fish.

12. Upon the expiry of the term of the lease of the properties hereby leased to the Quebec Commission or upon its earlier termination the said properties and all works constructed thereon shall revert to Ontario.

13. If and whenever the rentals hereby reserved or any part thereof shall be unpaid for ninety (90) days after any of the days on which same

ought to be paid, the Lieutenant-Governor in Council of Ontario may upon five (5) years' notice to the Quebec Commission of its intention so to do, and provided that default in payment continues, cancel the lease or license of that portion of the properties hereby leased or licensed to the Quebec Commission in respect of which default so continues, but such cancellation shall not affect the rights of any of the parties in respect of the remaining portion of any properties leased or licensed under these presents.

If at any time or times when any rentals hereby reserved or any part thereof payable by the Quebec Commission to Ontario shall remain unpaid after the same shall have become due and payable, there shall be any rentals due by the Ontario Commission to Quebec under later provisions of these presents the Ontario Commission may pay the said rentals due as aforesaid to Ontario instead of to Quebec in the amount in which the Quebec Commission is in default, or on account thereof, whereupon the Ontario Commission shall be credited accordingly.

14. No lands, rights or works erected thereon nor any essential part of the development of the said waterpowers shall be expropriated from the Quebec Commission by Ontario or under the authority of any present or future Act of the Legislature of the Province of Ontario. The Quebec Commission shall not be subject to the control by the Ontario Commission contemplated by The Power Commission Act, R.S.O. 1937, Chapter 62, and amendments thereto, or by any similar Act, save as regards electric power or energy distributed or sold in Ontario.

The Quebec Commission shall not be required to obtain a license or to file a prospectus or returns under The Extra Provincial Corporations Act, R.S.O. 1937, chapter 252 or The Companies Information Act, R.S.O. 1937, chapter 253, or any similar legislation.

15. The Quebec Commission shall pay to Ontario or to the Ontario Commission at the same times as the rentals under Clause 2 are payable a fair annual charge to recompense Ontario or the Ontario Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River at the said Carillon and Rocher Fendu waterpower sites or either of them, the amount of such annual charge to be based upon the benefit derived by the Quebec Commission from such works as compared with the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby. Provided, however, that nothing in these presents shall be deemed to authorize the construction of such works in the interprovincial section of the Ottawa River.

No such works shall be constructed until the Quebec Commission shall have been given three months' notice thereof in writing and if the Quebec Commission objects thereto an issue in respect of the construction or non-construction of such works shall be submitted to the arbitral tribunal provided for in Clause 46. The amount of such annual charges from time to time if not agreed upon by the Quebec Commission with the party constructing the said works shall be submitted to the said arbitral tribunal.

16. The Quebec Commission shall establish and collect an adequate general tariff (subject to the approval of the Lieutenant-Governor in Council of the Province of Quebec) of fees or charges to be paid by all persons and corporations in the Province of Quebec other than the parties to these presents who use the waters of the Ottawa River to recompense Ontario or the Ontario Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River, the said tariff to be based on a comparison between the benefit derived by each of the said persons or corporations and the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby, and subject to submission to the said arbitral tribunal in respect to the amount of such fees and charges. Waterpower developments of the Quebec Commission on the Ottawa River, other than at the said Carillon and Rocher Fendu sites, shall for the purposes of this Clause 16 be deemed to be waterpower developments of a corporation using the waters of the Ottawa

River other than the parties to these presents, and the Quebec Commission shall be bound by the said general tariff in respect thereof and pay thereunder. All sums so collected and all amounts otherwise payable under this Clause 16 by the Quebec Commission shall be paid by the Quebec Commission to Ontario or the Ontario Commission whichever has or shall have incurred the expenses.

17. Ontario covenants and agrees that in so far as it may be within its legislative jurisdiction the legal remedies within the Province of Ontario of any person or corporation not a party to these presents, who shall claim that he has been or may be injured by reason of the development of the said Carillon or Rocher Fendu waterpower sites or the utilization of the lower half of the fall at the said site known as Paquette, shall be restricted to claims for damages only, and a claim for an injunction by the Courts of the Province of Ontario in respect of any such injury as may be alleged, shall be prohibited.

18. Notwithstanding The Mortmain and Charitable Uses Act, R.S.O. 1937, Chapter 147, or any amendment thereto or substitution therefor, the Quebec Commission shall have the right to hold in the Province of Ontario the lands and rights hereby leased or licensed to it, and all works and improvements required for their full utilization and the production of power. Notwithstanding any general law or special Act such leased or licensed lands and such rights, works and improvements shall be exempt from all provincial taxes and fees payable to the Province of Ontario and from all municipal and school taxes and fees, and the Quebec Commission shall be wholly exempt from all provincial, municipal and school taxes and fees which might be imposed or assessed against it by reason of anything done under this agreement or arising herefrom.

19. Ontario covenants and agrees with the Quebec Commission that if and so long as the Quebec Commission pays the rental to be paid by it, and performs its covenants, promises and agreements hereunder, the Quebec Commission shall and may peaceably possess and enjoy the lands leased and licensed to it hereby for the term hereby granted for the purposes of this agreement, without any interruption or disturbance from Ontario, or any other person or persons lawfully claiming by or under Ontario, or its predecessors in right and title. Notwithstanding anything contained in Clause 20 hereof, Ontario does, in particular, so covenant and agree with the Quebec Commission that the latter shall and may so possess and enjoy the lands leased or licensed to it in the townships of East Hawkesbury and West Hawkesbury in the County of Prescott without interruption or disturbance arising out of any lease heretofore granted by His Majesty in right of Canada of any portion thereof or of any rights therein for the development of water power, subject to the retention by His Majesty in right of Canada of such rights in the lands covered by any such lease as His Majesty in right of Canada may deem necessary for the requirements of navigation.

20. Any right, title or interest taken by the Quebec Commission hereunder shall be taken subject to the legislative authority or any prior right, title or interest of the Dominion of Canada thereover or therein to the extent, if any, of such legislative authority or prior right, title or interest.

21. Ontario covenants, promises and agrees to and with the Quebec Commission that it will from time to time and at all times, hereafter, upon every reasonable request execute or cause to be made, done or executed all such further and other lawful acts, deeds, things, devices and assurances in the law whatsoever, for the better, more perfectly and absolutely giving effect to the intention of these presents.

22. In so far as these presents relate to properties and rights in the Province of Ontario they shall be deemed to have been executed in the Province of Ontario and the law of Ontario shall apply.

23. (a) For the development of the Chenaux waterpower Quebec hereby leases unto the Ontario Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Litchfield and Grand Calumet, in the County of Pontiac, in the Province of Quebec; containing by admeasurement an area of 1775 acres,

more or less, being the lands described in paragraph 1 of Schedule D hereto, together with such lands owned by Quebec, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpowers (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 1 of Schedule D or on lands in the Province of Ontario.

23. (b) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Quebec as are necessary to enable the head-water level of the Chenaux waterpower to be raised to a level of 285 feet, and also to enable water to be diverted pursuant to Clause 28, provided, however, that the Ontario Commission shall give Quebec not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Quebec shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Quebec shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Ontario Commission may enter upon the said lands, or any part thereof and carry on lumbering operations thereon. The Ontario Commission shall within three months after the expiration of the said period of notice pay Quebec for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule E hereto.

23. (c) For the development of the waterpower at Des Joachims and the utilization in conjunction therewith of the upper half of the fall at the site known as Paquette, Quebec hereby leases unto the Ontario Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Aberdeen, Aberford, Eddy, Edwards and Boisclerc, in the Counties of Pontiac and Temiscamingue, in the Province of Quebec, containing by admeasurement an area of 4,800 acres, more or less, being the lands described in paragraph 2 of Schedule D hereto, together with such lands owned by Quebec, not exceeding in area three hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpowers (including access to the said Works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 2 of Schedule D or on lands in the Province of Ontario.

23. (d) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for deepening purposes only, such other portions of the bed of the river Ottawa owned by Quebec as are necessary to enable the Ontario Commission to utilize in conjunction with the development of the waterpower of Des Joachims the upper half of the fall at the site known as Paquette; and

23. (e) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Quebec as are necessary to enable the head-water level of the Des Joachims waterpower to be raised to a level of 500 feet; and also to enable water to be diverted pursuant to Clause 28; provided, however, that the Ontario Commission shall give Quebec not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Quebec shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Quebec shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Ontario Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Ontario Commission shall within three months after the expiration of the said period of notice

pay Quebec for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule E hereto.

23. (f) For the development of the Cave & Fourneau waterpowers Quebec hereby leases unto the Ontario Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Boisclerc, Campeau and Gendreau, in the County of Temiscamingue, in the Province of Quebec, containing by admeasurement an area of 2700 acres, more or less, being the lands described in paragraph 3 of Schedule D hereto, together with such lands owned by Quebec, not exceeding in area two hundred acres as shall be reasonably required for the site of the works necessary for the development of the said waterpowers (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in said Schedule D or on lands in the Province of Ontario; and

23. (g) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Quebec as are necessary to enable the head-water level of the Cave & Fourneau waterpowers to be raised to a level of 575 feet, and also to enable water to be diverted pursuant to clause 28; provided, however, that the Ontario Commission shall give Quebec not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Quebec shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Quebec shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Ontario Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Ontario Commission shall within three months after the expiration of the said period of notice pay Quebec for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice all according to the rates shown in Schedule E hereto.

SAVING, EXCEPTING AND RESERVING nevertheless unto Quebec in respect of lands referred to in paragraph (a) of this clause (23) the right to raise the head water level of the waterpowers known as Les Chats to elevation 247 and in respect of all lands referred to in this clause (23), all the ores, mines and minerals (including sand and gravel) which are or shall hereafter be found on or under the said lands, and access thereto, provided that nothing done in respect of or under or pursuant to such reservation shall interfere with or restrict or imperil the full development and use of the said waterpowers to the extent contemplated by this agreement, and provided further that the Ontario Commission may utilize free of charge in the construction of the works referred to in clause 27 any and all sand and gravel on or under the said lands, not otherwise disposed of by Quebec, and also any and all rock which does not contain ore or minerals.

TO HAVE AND TO HOLD the same with the appurtenances thereto unto the Ontario Commission for the full end and term of nine hundred and ninety-nine (999) years to be computed from the date hereof, yielding and paying as rental therefor unto His Majesty and His Heirs and Successors in right of the Province of Quebec at the Department of Lands and Forests, Quebec, yearly and every year during the said term hereby created, after the commencement date for rental hereinafter specified in this Clause, in lawful money of Canada, at the rate of One Dollar (\$1.00) for each and every average yearly horsepower of energy produced by the said Ontario Commission from Quebec's share of the water.

For the purpose of calculating the amount of such horsepower produced from Quebec's share of the water, under and by virtue of these presents, one-half of all the power produced in any lease year at each site shall be deemed to have been developed from Quebec's share of the water at each respective site.

In the event that Quebec's share of the water or any portion thereof is utilized to produce electrical power or energy, then the amount of such electrical power or energy so produced shall be determined by suitable measurements at the generator terminals at the site of the development. In the event that Quebec's share of the water or any portion thereof is utilized to produce forms or types of power or energy other than electrical power or energy, then the amount thereof shall be determined by appropriate methods of measurement.

For the purposes of this lease, one horsepower shall be taken to be .746 kilowatts or 550 foot pounds of work per second.

Suitable measuring instruments shall be provided and records kept by the Ontario Commission which shall at all times allow access thereto and supply reports therefrom to Quebec.

Separate bills for rental shall be rendered for each and every site.

The said rental shall commence on the first day the development of the said waterpowers at Cave & Fourneaux, Des Joachims and Chenaux or any of them is in operation and produces power or energy. The first payment of such rental shall be for the period from the said first day of operation and production to the said 31st day of March next following, inclusive, and shall be paid on or before the 1st day of May immediately succeeding. Lease years after the said period for which the first payment is to be made shall terminate on the 31st day of March, in each and every year, and rental for each such lease year shall be paid on or before the 1st day of May next following.

The said rentals payable by the Ontario Commission hereunder shall be subject to review at the end of twenty-five (25) years from the date hereof, and thereafter at the end of each and every twenty-five (25) years until the expiry or earlier determination of this lease. If at the end of such twenty-five (25) year periods or any of them, it shall appear necessary or desirable that the amounts to be paid hereunder should be adjusted, then such adjustments may be made by agreement between the parties hereto, and failing such agreement shall be submitted to the arbitral tribunal as provided for in Clause 46.

24. Notwithstanding the provisions of Clause 23 hereinabove written, until such time as the Quebec Commission shall pay Ontario the said sum of \$2,462,933 specified in Clause 3, the Ontario Commission shall not be obliged to pay any rentals under and pursuant to the said provisions of Clause 23 in respect of the Des Joachims waterpower regardless of whether or not power or energy is developed therefrom; but in respect of the period after payment of the said sum of \$2,462,933 to Ontario by the Quebec Commission the Ontario Commission shall pay according to the said provisions of Clause 23.

25. Quebec further covenants and agrees that it will as and when requested by the Ontario Commission acquire all lands and rights in the Province of Quebec not owned by Quebec, and which are necessary to enable the head-water level of the Cave & Fourneaux waterpower to be raised to 575 feet, and to enable the head-water level of the Des Joachims waterpower to be raised to 500 feet, and the head-water level of the Chenaux waterpower to be raised to 285 feet, and to enable water to be diverted pursuant to Clause 28, and the upper half of the fall at the site known as Paquette to be utilized in conjunction with the waterpower development at Des Joachims and to provide the sites and access referred to in Clauses 23 (a), 23 (c) and 23 (f).

The Ontario Commission shall before or at the time of making such request furnish Quebec with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights acquired pursuant to this Clause 25 shall by order of the Lieutenant-Governor of Quebec-in-Council be added to the properties leased to the Ontario Commission by Clause 23, and shall be subject to the provisions of the said Clause 23. If Quebec fails to acquire lands and rights in accordance with the said complete detailed description referred to hereinabove in this Clause when so requested by the Ontario Commission, and if the

Ontario Commission has fully complied with the provisions of this Clause 25, Quebec shall pay for all damage resulting therefrom in the Province of Quebec, but if the Ontario Commission fails to furnish Quebec with the complete detailed description of lands and rights hereinbefore referred to in this Clause 25, or has otherwise failed to comply with such provisions, the Ontario Commission shall be liable for any additional expense resulting therefrom.

For all lands and rights acquired by Quebec for the Ontario Commission pursuant to the foregoing provisions of this Clause 25, and for the purposes of this agreement, the Ontario Commission shall pay to Quebec, or such person or corporation as Quebec may direct, the purchase price paid by or on behalf of Quebec to acquire such lands and rights together with the cost of acquiring them as and when the same are so acquired. For such lands acquired under the provisions of this Clause 25, Quebec shall not pay a higher purchase price than such price as shall be approved by the Ontario Commission, provided however that if the owner or owners of such lands or rights shall be unwilling to accept the purchase price which the Ontario Commission is willing to approve, the said lands or rights shall be expropriated by or on behalf of Quebec, and Quebec shall pay as the purchase price thereof the proper amount as determined in such expropriation proceedings. The Ontario Commission shall thereupon reimburse Quebec accordingly, and the cost of such expropriation shall be deemed to be included in the cost of acquiring the said lands or rights.

26. Whenever under the provisions of Clause 25 the Ontario Commission makes a proper request that Quebec acquire lands or rights, and complies fully with the provisions of Clause 25, Quebec shall do everything within the legislative authority of the Province of Quebec to put the Ontario Commission in possession of such lands or rights for the purposes of this agreement within three months from receipt of such request.

27. Upon the said properties hereby leased to the Ontario Commission the said Ontario Commission may construct buildings, dams, weirs, tunnels, races, flumes, sluices, pits and such other structures and works as it may deem necessary or desirable to develop the said Cave & Fourneaux, Des Joachims and Chenaux waterpowers, and to utilize the upper half of the fall at the site known as Paquette, subject to the provisions of The Water-Course Act, R.S.Q. 1941, Chapter 98, provided, however, that should approval thereof, or of any part thereof, under the said Water-Course Act or similar legislation of the Province of Quebec be refused, the Ontario Commission may appeal therefrom to the arbitral tribunal provided for in Clause 46 hereof.

28. The Ontario Commission may divert water in the Ottawa River from its natural channel as part of or pertaining to the development of waterpowers at Cave & Fourneaux, Des Joachims and Chenaux authorized hereby at or above the sites of the said respective waterpowers subject to returning the said water to the natural channel of the Ottawa River below the said respective sites.

29. The Ontario Commission shall and will indemnify and save harmless Quebec and the Quebec Commission from any loss, costs, damage, damages or expenses Quebec or the Quebec Commission may sustain, suffer or be put to by reason of or on account of the Ontario Commission exceeding the rights or powers hereby granted to it or exercising the same in a negligent manner.

30. Quebec and the Quebec Commission respectively release and discharge the Ontario Commission from all claims and demands for or in respect of damage or loss sustained by Quebec or the Quebec Commission in respect of any waterpower upon waters tributary to the Ottawa River, owned or operated by Quebec or the Quebec Commission, occasioned by or on account of the Ontario Commission exercising in a proper manner the rights, powers and privileges hereby granted to it in accordance with the terms hereof.

31. Subject to the provisions of Clause 30 the Ontario Commission assumes any and all liability in respect of damage to or encroachment upon any waterpower not within the limits of the lands described in

Schedule D occasioned by anything done or purported to be done under or pursuant to these presents by the Ontario Commission or anyone on its behalf, and the Ontario Commission agrees to indemnify and save harmless Quebec therefrom.

32. The Ontario Commission shall whenever so required by or on behalf of Quebec erect and maintain durable and efficient fishways for the free passage of fish.

33. Upon the expiry of the term of the lease of the properties hereby leased to the Ontario Commission, or upon its earlier termination the said properties and all works constructed thereon shall revert to Quebec.

34. If and whenever the rentals hereby reserved or any part thereof shall be unpaid for ninety (90) days after any of the days on which same ought to be paid, the Lieutenant-Governor in Council of Quebec, may upon five years' notice to the Ontario Commission of its intention so to do and provided that default in payment continues, cancel the lease of that portion of the properties hereby demised to the Ontario Commission in respect of which default continues but such cancellation shall not affect the rights of any of the parties in respect of the remaining portion of any properties leased or licensed under these presents.

If at any time or times when any rentals hereby reserved or any part thereof payable by the Ontario Commission to Quebec shall remain unpaid after the same shall have become due and payable, there shall be any rentals due by the Quebec Commission to Ontario under foregoing provisions of these presents the Quebec Commission may pay the said rentals due as aforesaid to Quebec instead of to Ontario in the amount in which the Ontario Commission is in default or on account thereof, whereupon the Quebec Commission shall be credited accordingly.

35. No lands, rights or works erected thereon nor any essential part of the development of the said waterpowers shall be expropriated from the Ontario Commission by Quebec or under the authority of any present or future Act of the Legislature of the Province of Quebec. The Ontario Commission shall not be subject to the control contemplated by the Electricity Act, R.S.Q. 1941, Chapter 99 and amendments thereto, or by any similar Act, save as regards electric power distributed or sold in Quebec. The provisions of An Act respecting the Exportation of Hydro-Electric Power, R.S.Q. 1941, Chapter 100, shall not apply to this agreement. The Ontario Commission shall not be required to obtain a license or to file a prospectus or returns under The Extra Provincial Companies Act, Act, R.S.Q. 1941, Chapter 279, or The Companies Information Act, R.S.Q. 1941, Chapter 281 or any similar legislation.

36. The Ontario Commission shall pay to Quebec or to the Quebec Commission at the same times as the rentals under Clause 23 are payable a fair annual charge to recompense Quebec or the Quebec Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River at the said Cave & Fourneaux, Des Joachims and Chenaux waterpower sites or any of them, the amount of such annual charge to be based upon the benefit derived by the Ontario Commission from such works as compared with the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby. Provided, however, that nothing in these presents shall be deemed to authorize the construction of such works in the inter-provincial section of the Ottawa River.

No such works shall be constructed until the Ontario Commission shall have been given three months' notice thereof in writing and if the Ontario Commission objects thereto an issue in respect of the construction or non-construction of such works shall be submitted to the arbitral tribunal provided for in Clause 46. The amount of such annual charges from time to time if not agreed upon by the Ontario Commission with the party constructing the said works shall be submitted to the said arbitral tribunal.

37. The Ontario Commission shall establish and collect an adequate general tariff (subject to the approval of the Lieutenant-Governor in Council

of the Province of Ontario) of fees or charges to be paid by all persons and corporations in the Province of Ontario other than the parties to these presents who use the waters of the Ottawa River to recompense Quebec or the Quebec Commission for expenses incurred for works constructed or executed to increase or regulate the flow of the Ottawa River, the said tariff to be based on a comparison between the benefit derived by each of the said persons or corporations and the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby, and subject to submission to the said arbitral tribunal in respect to the amount of such fees and charges. Waterpower developments of the Ontario Commission on the Ottawa River, other than at the said Cave & Fourneaux, Des Joachims and Chenaux sites, shall for the purposes of this Clause 37 be deemed to be waterpower developments of a corporation using the waters of the Ottawa River other than the parties to these presents, and the Ontario Commission shall be bound by the said general tariff in respect thereof and pay thereunder. All sums so collected and all amounts otherwise payable under this Clause 37 by the Ontario Commission shall be paid by the Ontario Commission to Quebec or the Quebec Commission whichever has or shall have incurred the expense.

38. Quebec covenants and agrees that in so far as it may be within its legislative jurisdiction the legal remedies within the Province of Quebec of any person or corporation not a party to these presents, who shall claim that he has been or may be injured by reason of the development of the said Cave & Fourneaux, Des Joachims or Chenaux waterpower sites or the utilization of the upper half of the fall at the said site known as Paquette shall be restricted to claims for damages only, and a claim for an injunction by the Courts of the Province of Quebec in respect of any such injury as may be alleged shall be prohibited.

39. Notwithstanding The Mortmain Act, R.S.Q. 1941, c. 283, or any amendment thereto or substitution therefor, the Ontario Commission shall have the right to hold in the Province of Quebec, the lands and rights hereby leased or licensed to it and all works and improvements required for their full utilization and the production of power. Notwithstanding any general law or special Act such leased or licensed lands and such rights, works and improvements shall be exempt from all provincial taxes and fees payable to the Province of Quebec, and from all municipal and school taxes and fees and the Ontario Commission shall be wholly exempt from all provincial, municipal and school taxes and fees which might be imposed or assessed against it by reason of anything done under this agreement or arising therefrom.

40. Quebec covenants and agrees with the Ontario Commission that if and so long as the Ontario Commission pays the rental to be paid by it, and performs its covenants, promises and agreements hereunder, the Ontario Commission shall and may peaceably possess and enjoy the lands leased and licensed to it hereby for the term hereby granted for the purposes of this agreement, without any interruption or disturbance from Quebec, or any other person or persons lawfully claiming by or under Quebec or its predecessors in right and title.

41. Any right, title or interest taken by the Ontario Commission hereunder shall be taken subject to the legislative authority or any prior right, title or interest of the Dominion of Canada thereover or therein to the extent, if any, of such legislative authority or prior right, title or interest.

42. Quebec covenants, promises and agrees to and with the Ontario Commission that it will from time to time and at all times hereafter upon every reasonable request execute or cause to be made, done or executed all such further and other lawful acts, deeds, things, devices and assurances in the law whatsoever, for the better, more perfectly and absolutely giving effect to the intention of these presents.

43. In so far as these presents relate to properties and rights in the Province of Quebec they shall be deemed to have been executed in the Province of Quebec and the law of Quebec shall apply.

44. The granting of these presents shall not take away the lawful rights of timber owners or others to drive their logs or timber down the Ottawa River, not only within but also beyond the limits of the lands comprised in these presents.

45. In ascertaining, for the purposes of Clauses 15, 16, 36 and 37 hereof, the amount of expenses incurred for works to increase or regulate the flow of the Ottawa River, adequate compensation shall be included for all lands flooded whether Crown property or private property.

46. Any and all disputes arising between the parties hereto, or any of them, relative to these presents, or the fulfilment of any of the terms, provisions or conditions hereof, shall be decided by an arbitral tribunal composed of three members, one of whom shall be chosen by the Lieutenant-Governor in Council of the Province of Ontario, another by the Lieutenant-Governor in Council of the Province of Quebec, and the third by the other two. In the event that either Lieutenant-Governor in Council does not choose a member or that the two members chosen do not agree upon the choice of the third member, the choice shall be made by the Chief Justice of Canada.

The findings of any two members of the arbitral tribunal who are of the same opinion shall be the findings of the tribunal, and if more than one item be submitted to the tribunal at the same time, this rule shall apply to each item.

The findings of the arbitral tribunal shall be final and binding upon the parties hereto, subject to the right of appeal hereinafter contained. Upon an appeal to the arbitral tribunal under Clause 6 or Clause 27 the arbitral tribunal may give such approval as in its opinion should be given and such approval shall be sufficient under the Acts concerned.

The arbitral tribunal shall have power to adjudicate upon the costs of arbitration, but such costs shall not include the remuneration of the two members of the tribunal appointed by the Lieutenant-Governor in Council of the Province of Ontario, and the Lieutenant-Governor in Council of the Province of Quebec respectively, each of whom shall be paid by the party appointing him. The remuneration of a member chosen by the Chief Justice of Canada in lieu of the Lieutenant-Governor in Council of a Province shall be paid by the Government of such Province.

The provisions of The Arbitration Act of Ontario, which are not inconsistent with this agreement, shall apply to the determination of disputes arising from matters to which the law of Ontario is made applicable by Clause 22 hereof. From the award on such disputes an appeal shall lie to the Court of Appeal for Ontario as from a final judgment of the High Court of Justice for Ontario.

The provisions of the Code of Civil Procedure of the Province of Quebec relating to arbitrations shall apply to the determination of disputes arising from matters to which the law of Quebec is made applicable by Clause 43 hereof except insofar as inconsistent with the provisions of this agreement. From the award on such disputes an appeal shall lie to the Court of King's Bench of the Province of Quebec as from a final judgment of the Superior Court of the Province of Quebec.

In the case of death, refusal, withdrawal or inability to act of one or more of the arbitrators each such arbitrator shall be replaced by another appointed in the same manner as the arbitrator whom he replaces.

47. This agreement shall not become binding upon the parties unless and until the Legislature of the Province of Ontario at its next session shall have confirmed and validated it to the extent of its legislative authority.

IN WITNESS WHEREOF the parties hereto have executed these presents as of the day and year first above written.

AND WHEREAS the Minister of Munitions and Supply reports that the respective parties to the agreement aforesaid have made application to him for co-operation by the Government of Canada to facilitate the development of the water powers aforesaid.

AND WHEREAS the Minister is of opinion that the development of additional power on the Ottawa River with the least possible delay is necessary for the operation of war industries;

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, concurred in by the Minister of Public Works, the Minister of Transport and the Minister of Mines and Resources, and pursuant to the powers vested in the Governor in Council by the War Measures Act, Chapter 206, R.S.C. 1927, is pleased thereby, to order that, notwithstanding anything contained in any other statute or law, and subject to the reservations hereinafter stated, lands belonging to His Majesty in right of Canada adjacent, contiguous or comprising any part of the bed of the Ottawa River required for the purposes of the agreement aforesaid, to the extent necessary to carry out the said agreement, be and they are hereby transferred as follows, namely:

Lands aforesaid in the Province of Ontario to His Majesty in right of the Province of Ontario, and lands aforesaid in the Province of Quebec to His Majesty in right of the Province of Quebec; the transfer aforesaid to have effect in the case of lands required for the purposes of each of the developments contemplated in the said agreement at the date of the approval of the site and plans of the works for such development pursuant to the Navigable Waters Protection Act, R.S.C. 1927, Chapter 140.

That there shall be excepted from the operation of the transfers effected hereby all lands required for navigation purposes, which said lands shall be described in the Order-in-Council granting approval aforesaid under the Navigable Waters Protection Act; Provided, nevertheless, that with respect to the lands so excepted the transferee shall enjoy such rights as are not inconsistent with the requirements of navigation as determined in the said Order and are required for the purposes of the said agreement;

That from time to time hereafter there shall, upon every reasonable request made on behalf of His Majesty in right of the Province of Ontario

or His Majesty in right of the Province of Quebec, be executed or done all such further lawful acts or things as may be necessary to give effect to the foregoing;

The the Minister of Public Works or the Minister of Transport or the Minister of Mines and Resources, each in respect of matters under his departmental authority, be and he is hereby authorized and directed, on request of any party to the aforesaid agreement, to cancel and terminate, and if in his opinion it is necessary, expropriate any lease or privilege granted by His Majesty in right of Canada in respect of the Ottawa River and its tributaries or the use of the water thereof, save in respect of Chaudiere Falls, if the Minister concerned is satisfied that the continuation of the enjoyment of such lease or privilege would in any way interfere with the development of a water power as provided for in the said agreement: Provided that payment of any compensation required by law to be paid upon the cancellation, termination or expropriation of any such lease or privilege heretofore granted shall be assumed by the party making the request to such extent and upon such terms as may be arranged between the party aforesaid and the Minister concerned;

2. (a) For the development of the waterpower at Carillon, Ontario hereby demises and leases unto the Quebec Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Hawkesbury East and Hawkesbury West, in the County of Prescott, in the Province of Ontario, containing by ad-measurement an area of 1900 acres, more or less, being the lands described in paragraph 1 of Schedule A hereto, together with such lands owned by Ontario, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpower (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 1 of Schedule A, or on lands in the Province of Quebec; and

2. The Quebec Commission shall within three months after the expiration of the said period of notice pay Ontario for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule B hereto.

2. (c) For the development of the waterpower at Rocher Fendu and the utilization in conjunction therewith of the lower half of the fall at the site known as Paquette, Ontario hereby demises and leases unto the Quebec Commission those certain parcels or tracts of lands and lands under the waters of the Ottawa River, situate in the Townships of Ross, Westmeath and Pembroke, in the County of Renfrew, in the Province of Ontario,

containing by admeasurement an area of 10,000 acres, more or less, being the lands described in paragraph 2 of Schedule A hereto, together with such lands owned by Ontario, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpower (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 2 of Schedule A, or on lands in the Province of Quebec; and

2. (d) Ontario also hereby gives leave and license and due and full permission to the Quebec Commission to enter upon, possess, occupy, use and enjoy, for flooding purposes only, such additional lands owned by Ontario as are necessary to enable the head-water level of the Rocher Fendu waterpowers to be raised to a level of 350 feet and also to enable the lower half of the fall at the site known as Paquette to be utilized in conjunction therewith, and to enable water to be diverted pursuant to clause 7; provided, however, that the Quebec Commission shall give Ontario not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Ontario shall have the privilege of licensing or authorizing any person to enter on the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Ontario shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Quebec Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Quebec Commission shall within three months after the expiration of the said period of notice pay Ontario for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule B hereto.

SAVING, EXCEPTING AND RESERVING nevertheless unto Ontario in respect of lands referred to in this clause (2¹), all the ores, mines and minerals (including sand and gravel) which are or shall hereafter be found on or under the said lands, and access thereto; provided that nothing done in respect of or under or pursuant to such reservation shall interfere with or restrict or imperil the full development and use of the said waterpowers to the extent contemplated by this agreement, and provided further that the Quebec Commission may utilize free of charge in the construction of the works referred to in clause 6 any and all sand and gravel on or under the said lands, not otherwise disposed of by Ontario, and also any and all rock which does not contain ore or minerals.

TO HAVE AND TO HOLD the same with the appurtenances thereto unto the Quebec Commission for the full end and term of nine hundred and ninety-nine (999) years to be computed from the date hereof, yielding and paying as rental therefor, unto His Majesty and His Heirs and Successors in right of the Province of Ontario at the Treasury Department, Toronto, yearly and every year during the said term hereby created after the commencement date for rental hereinafter specified in this clause, in lawful money of Canada, at the rate of One Dollar (\$1.00) for each and every average yearly horsepower of energy produced by the said Quebec Commission from Ontario's share of the water.

For the purpose of calculating the amount of such horsepower produced from Ontario's share of the water, under and by virtue of these presents, one-half of all the power produced in any lease year at each site, shall be deemed to have been developed from Ontario's share of the water at each respective site.

For the purpose of so calculating the power produced at the Rocher Fendu site all the power produced in the Grand Calumet Channel shall be included; provided that the power produced at the Rocher Fendu site in any lease year from Ontario's share of the water shall be deemed to be not greater than the quantity produced in excess of fifty thousand average yearly horsepower.

In the event that Ontario's share of the water or any portion thereof is utilized to produce electrical power or energy, then the amount of such

electrical power or energy so produced shall be determined by suitable measurements at the generator terminals at the site of the development. In the event that Ontario's share of the water or any portion thereof is utilized to produce forms or types of power or energy other than electrical power or energy, then the amount thereof shall be determined by appropriate methods of measurement.

For the purposes of this lease, one horsepower shall be taken to be .746 kilowatts or 550 f. of pounds of work per second.

Suitable measuring instruments shall be provided and records kept by the Quebec Commission which shall at all times allow access thereto and supply reports therefrom to Ontario.

Separate bills for rental shall be rendered for each and every site.

The said rentals shall commence on the first day the development of the said waterpowers or either of them is in operation and produces power or energy. The first payment of such rental shall be for the period from the said first day of operation and production to the 31st day of March next following, inclusive, and shall be paid on or before the 1st day of May immediately succeeding. Lease years after the said period for which the first payment is to be so made shall terminate on the 31st day of March in each and every year, and rental for each such lease year shall be paid on or before the 1st day of May next following.

The said rentals payable by the Quebec Commission hereunder shall be subject to review at the end of twenty-five (25) years from the date hereof, and thereafter at the end of each and every twenty-five (25) years until the expiry or earlier determination of this lease. If at the end of such twenty-five (25) year periods or any of them, it shall appear necessary or desirable that the amounts to be paid hereunder should be adjusted, then such adjustments may be made by agreement between the parties hereto, and failing such agreement shall be submitted to the arbitral tribunal as provided in Clause 46.

3. Ontario further covenants and agrees that it will as and when requested by the Quebec Commission acquire all lands and rights in the Province of Ontario not owned by Ontario, and which are necessary to enable the head-water level of the Carillon waterpower to be raised to a level of 135 feet, and to enable water to be diverted pursuant to Clause 7, in respect of the Carillon waterpower, and to provide the site and access referred to in Clause 2 (a). The Quebec Commission before or at the time of making such request shall furnish Ontario with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights shall by Order of the Lieutenant-Governor of Ontario-in-Council be added to the properties leased to the Quebec Commission by Clause 2, and shall be subject to the provisions of the said Clause 2.

The Quebec Commission shall when making request for the said lands and rights as aforesaid pay to Ontario, or such person or corporation as Ontario may direct, \$2,462,933 for such portion thereof as is described in Schedule C hereto, regardless of the actual price paid by Ontario for the said lands and rights, and Ontario shall not be obliged or required to account for any difference between the said sum of \$2,462,933 and the actual price paid for the said portion of the said lands and rights by Ontario. The said lands and rights in respect of which the Quebec Commission is to pay Ontario the said sum of \$2,462,933, shall comprise only the lands and rights described in Schedule C hereto, and if the Quebec Commission requests Ontario to acquire other lands or rights pertaining to the Carillon waterpower the Quebec Commission shall pay Ontario the price paid by Ontario therefor, together with the cost of such acquisition. Subject to the provisions of Clause 9 damage to or encroachment upon any waterpower not within the limits of the lands described in paragraph 1 of Schedule A shall not be deemed to be included in lands and rights in respect of which the said sum of \$2,462,933 is to be paid. The said sum of \$2,462,933 shall be deemed to include compensation for the relocation or alteration of highways owned by Ontario within the limits described in Schedule C, the Quebec Commission undertaking to cause to be constructed

in the Province of Quebec a highway connecting the Quebec provincial highway system with the relocated Ontario highway which shall extend to the interprovincial boundary line. If Ontario fails to acquire lands and rights in respect of the Carillon waterpower in accordance with the said complete detailed description referred to hereinabove in this clause, when so requested by the Quebec Commission, and if the Quebec Commission has fully complied with the provisions of this Clause 3, Ontario shall pay for all damage resulting therefrom in the Province of Ontario, but if the Quebec Commission fails to furnish Ontario with the complete detailed description of lands and rights hereinabove referred to in this Clause 3, or has otherwise failed to comply with such provisions, the Quebec Commission shall be liable for any additional expense resulting therefrom.

True copies of the plan referred to in Schedule C shall be verified by the signature of the Minister of Lands and Forests for the Province of Ontario, the Minister of Lands and Forests for the Province of Quebec and the Corporate seals of the Ontario Commission and the Quebec Commission, and shall be delivered to each of the parties hereto.

The "High Water Mark" shown on the said plan shall be deemed to be indicative only, and the lands shown as extending to the said "High Water Mark" shall be deemed to extend to the actual high water mark of the Ottawa River.

The inclusion of Periwig Island in the lands shown coloured red on the said plan shall not constitute an admission by Quebec or the Quebec Commission that the island lies within the Province of Ontario.

4. Ontario further covenants and agrees that it will as and when requested by the Quebec Commission acquire all lands and rights in the Province of Ontario not owned by Ontario, and which are necessary to enable the head-water level of the Rocher Fendu waterpower to be raised to 350 feet and to enable water to be diverted pursuant to Clause 7, in respect of the Rocher Fendu waterpower, and to enable the lower half of the fall at the site known as Paquette to be utilized in conjunction with the waterpower development at Rocher Fendu, and to provide the site and access referred to in Clause 2 (c). The Quebec Commission shall before or at the time of making such request furnish Ontario with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights acquired pursuant to this Clause 4 shall by Order of the Lieutenant-Governor of Ontario-in-Council be added to the properties leased to the Quebec Commission by Clause 2, and shall be subject to the provisions of the said Clause 2. If Ontario fails to acquire lands and rights in accordance with the said complete detailed description referred to hereinabove in this clause, when so requested by the Quebec Commission, and if the Quebec Commission has fully complied with the provisions of this Clause 4, Ontario shall pay for all the damage resulting therefrom in the Province of Ontario, but if the Quebec Commission fails to furnish Ontario with the complete detailed description of lands and rights hereinbefore referred to in this Clause 4, or has otherwise failed to comply with such provisions, the Quebec Commission shall be liable for any additional expense resulting therefrom.

For all lands and rights acquired by Ontario for the Quebec Commission either pursuant to the foregoing provisions of this Clause 4, or otherwise for the purposes of this agreement, being other than the lands and rights relative to the Carillon waterpower, described in Schedule C, the Quebec Commission shall pay to Ontario, or such person or corporation as Ontario may direct, the purchase price paid by or on behalf of Ontario to acquire such lands and rights together with the cost of acquiring them as and when the same are so acquired. For lands or rights, other than those described in Schedule C, Ontario shall not pay a higher price than such price as shall be approved by the Quebec Commission, provided, however, that if the owner or owners of such lands or rights shall be unwilling to accept the purchase price which the Quebec Commission is willing to approve, the said lands or rights shall be expropriated by or on behalf of Ontario, and Ontario shall pay as the purchase price thereof, the proper amount as determined in such expropriation proceedings. The Quebec Commission shall thereupon reimburse Ontario accordingly, and the

costs of such expropriation shall be deemed to be included in the cost of acquiring the said lands or rights.

5. Whenever under the provisions of clauses 3 or 4 the Quebec Commission makes a proper request that Ontario acquire lands or rights, and complies fully with the provisions of the clause or clauses hereof relating to such request, Ontario shall do everything within the legislative authority of the Province of Ontario to put the Quebec Commission in possession of such lands or rights for the purposes of this agreement within three (3) months from the receipt of such request.

6. Upon the said properties hereby leased to the Quebec Commission the said Quebec Commission may construct buildings, dams, weirs, tunnels, races, flumes, sluices, pits and such other structures and works as it may deem necessary or desirable to develop the said Carillon and Rocher Fendu waterpowers and to utilize the lower half of the fall at the site known as Paquette subject to the provisions of The Lakes and Rivers Improvement Act, R.S.O. 1937, Chapter 45, provided, however, that should approval thereof, or of any part thereof, under the said The Lakes and Rivers Improvement Act or similar legislation of the Province of Ontario be refused, the Quebec Commission may appeal therefrom to the arbitral tribunal provided for in Clause 46 hereof. The Quebec Commission may appeal to the said arbitral tribunal from any decision of the Minister of Lands and Forests fixing the high water mark of the Ottawa River under the provisions of sub-section 3 of section 1a of The Bed of Navigable Waters Act, as re-numbered and amended by section 3 of The Statute Law Amendment Act, 1940, or similar legislation of the Province of Ontario.

7. The Quebec Commission may divert water in the Ottawa River from its natural channel as part of or pertaining to the development of waterpowers at Carillon and Rocher Fendu authorized hereby at or above the sites of the said respective waterpowers subject to returning the said water to the natural channel of the Ottawa River below the said respective sites.

8. The Quebec Commission shall and will indemnify and save harmless Ontario and the Ontario Commission from any loss, costs, damage, damages or expenses Ontario or the Ontario Commission may sustain, suffer or be put to by reason of or on account of the Quebec Commission exceeding the rights or powers hereby granted to it or exercising the same in a negligent manner.

9. Ontario and the Ontario Commission respectively release and discharge the Quebec Commission from all claims and demands for or in respect of damage or loss sustained by Ontario or the Ontario Commission in respect of any waterpower upon waters tributary to the Ottawa River owned or operated by Ontario or the Ontario Commission, occasioned by or on account of the Quebec Commission exercising in a proper manner the rights, powers and privileges hereby granted to it in accordance with the terms hereof.

10. Subject to the provisions of Clause 9 the Quebec Commission assumes any and all liability in respect to damage to or encroachment upon any waterpower not within the limits of the lands described in Schedule A occasioned by anything done or purported to be done under or pursuant to these presents by the Quebec Commission or anyone on its behalf, and the Quebec Commission agrees to indemnify and save harmless Ontario therefrom.

11. The Quebec Commission shall whenever so required by or on behalf of Ontario erect and maintain durable and efficient fishways for the free passage of fish.

12. Upon the expiry of the term of the lease of the properties hereby leased to the Quebec Commission or upon its earlier termination the said properties and all works constructed thereon shall revert to Ontario.

13. If and whenever the rentals hereby reserved or any part thereof shall be unpaid for ninety (90) days after any of the days on which same

ought to be paid, the Lieutenant-Governor in Council of Ontario may upon five (5) years' notice to the Quebec Commission of its intention so to do, and provided that default in payment continues, cancel the lease or license of that portion of the properties hereby leased or licensed to the Quebec Commission in respect of which default so continues, but such cancellation shall not affect the rights of any of the parties in respect of the remaining portion of any properties leased or licensed under these presents.

If at any time or times when any rentals hereby reserved or any part thereof payable by the Quebec Commission to Ontario shall remain unpaid after the same shall have become due and payable, there shall be any rentals due by the Ontario Commission to Quebec under later provisions of these presents the Ontario Commission may pay the said rentals due as aforesaid to Ontario instead of to Quebec in the amount in which the Quebec Commission is in default, or on account thereof, whereupon the Ontario Commission shall be credited accordingly.

14. No lands, rights or works erected thereon nor any essential part of the development of the said waterpowers shall be expropriated from the Quebec Commission by Ontario or under the authority of any present or future Act of the Legislature of the Province of Ontario. The Quebec Commission shall not be subject to the control by the Ontario Commission contemplated by The Power Commission Act, R.S.O. 1937, Chapter 62, and amendments thereto, or by any similar Act, save as regards electric power or energy distributed or sold in Ontario.

The Quebec Commission shall not be required to obtain a license or to file a prospectus or returns under The Extra Provincial Corporations Act, R.S.O. 1937, chapter 252 or The Companies Information Act, R.S.O. 1937, chapter 253, or any similar legislation.

15. The Quebec Commission shall pay to Ontario or to the Ontario Commission at the same times as the rentals under Clause 2 are payable a fair annual charge to recompense Ontario or the Ontario Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River at the said Carillon and Rocher Fendu waterpower sites or either of them, the amount of such annual charge to be based upon the benefit derived by the Quebec Commission from such works as compared with the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby. Provided, however, that nothing in these presents shall be deemed to authorize the construction of such works in the interprovincial section of the Ottawa River.

No such works shall be constructed until the Quebec Commission shall have been given three months' notice thereof in writing and if the Quebec Commission objects thereto an issue in respect of the construction or non-construction of such works shall be submitted to the arbitral tribunal provided for in Clause 46. The amount of such annual charges from time to time if not agreed upon by the Quebec Commission with the party constructing the said works shall be submitted to the said arbitral tribunal.

16. The Quebec Commission shall establish and collect an adequate general tariff (subject to the approval of the Lieutenant-Governor in Council of the Province of Quebec) of fees or charges to be paid by all persons and corporations in the Province of Quebec other than the parties to these presents who use the waters of the Ottawa River to recompense Ontario or the Ontario Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River, the said tariff to be based on a comparison between the benefit derived by each of the said persons or corporations and the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby, and subject to submission to the said arbitral tribunal in respect to the amount of such fees and charges. Waterpower developments of the Quebec Commission on the Ottawa River, other than at the said Carillon and Rocher Fendu sites, shall for the purposes of this Clause 16 be deemed to be waterpower developments of a corporation using the waters of the Ottawa

River other than the parties to these presents, and the Quebec Commission shall be bound by the said general tariff in respect thereof and pay thereunder. All sums so collected and all amounts otherwise payable under this Clause 16 by the Quebec Commission shall be paid by the Quebec Commission to Ontario or the Ontario Commission whichever has or shall have incurred the expenses.

17. Ontario covenants and agrees that in so far as it may be within its legislative jurisdiction the legal remedies within the Province of Ontario of any person or corporation not a party to these presents, who shall claim that he has been or may be injured by reason of the development of the said Carillon or Rocher Fendu waterpower sites or the utilization of the lower half of the fall at the said site known as Paquette, shall be restricted to claims for damages only, and a claim for an injunction by the Courts of the Province of Ontario in respect of any such injury as may be alleged, shall be prohibited.

18. Notwithstanding The Mortmain and Charitable Uses Act, R.S.O. 1937, Chapter 147, or any amendment thereto or substitution thereof, the Quebec Commission shall have the right to hold in the Province of Ontario the lands and rights hereby leased or licensed to it, and all works and improvements required for their full utilization and the production of power. Notwithstanding any general law or special Act such leased or licensed lands and such rights, works and improvements shall be exempt from all provincial taxes and fees payable to the Province of Ontario and from all municipal and school taxes and fees, and the Quebec Commission shall be wholly exempt from all provincial, municipal and school taxes and fees which might be imposed or assessed against it by reason of anything done under this agreement or arising herefrom.

19. Ontario covenants and agrees with the Quebec Commission that if and so long as the Quebec Commission pays the rental to be paid by it, and performs its covenants, promises and agreements hereunder, the Quebec Commission shall and may peaceably possess and enjoy the lands leased and licensed to it hereby for the term hereby granted for the purposes of this agreement, without any interruption or disturbance from Ontario, or any other person or persons lawfully claiming by or under Ontario, or its predecessors in right and title. Notwithstanding anything contained in Clause 20 hereof, Ontario does, in particular, so covenant and agree with the Quebec Commission that the latter shall and may so possess and enjoy the lands leased or licensed to it in the townships of East Hawkesbury and West Hawkesbury in the County of Prescott without interruption or disturbance arising out of any lease heretofore granted by His Majesty in right of Canada of any portion thereof or of any rights therein for the development of water power, subject to the retention by His Majesty in right of Canada of such rights in the lands covered by any such lease as His Majesty in right of Canada may deem necessary for the requirements of navigation.

20. Any right, title or interest taken by the Quebec Commission hereunder shall be taken subject to the legislative authority or any prior right, title or interest of the Dominion of Canada thereover or therein to the extent, if any, of such legislative authority or prior right, title or interest.

21. Ontario covenants, promises and agrees to and with the Quebec Commission that it will from time to time and at all times, hereafter, upon every reasonable request execute or cause to be made, done or executed all such further and other lawful acts, deeds, things, devices and assurances in the law whatsoever, for the better, more perfectly and absolutely giving effect to the intention of these presents.

22. In so far as these presents relate to properties and rights in the Province of Ontario they shall be deemed to have been executed in the Province of Ontario and the law of Ontario shall apply.

23. (a) For the development of the Chenaux waterpower Quebec hereby leases unto the Ontario Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Litchfield and Grand Calumet, in the County of Pontiac, in the Province of Quebec; containing by admeasurement an area of 1775 acres,

more or less, being the lands described in paragraph 1 of Schedule D hereto, together with such lands owned by Quebec, not exceeding in area two hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpowers (including access to the said works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 1 of Schedule D or on lands in the Province of Ontario.

23. (b) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Quebec as are necessary to enable the head-water level of the Chenaux waterpower to be raised to a level of 285 feet, and also to enable water to be diverted pursuant to Clause 28, provided, however, that the Ontario Commission shall give Quebec not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Quebec shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Quebec shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Ontario Commission may enter upon the said lands, or any part thereof and carry on lumbering operations thereon. The Ontario Commission shall within three months after the expiration of the said period of notice pay Quebec for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule E hereto.

23. (c) For the development of the waterpower at Des Joachims and the utilization in conjunction therewith of the upper half of the fall at the site known as Paquette, Quebec hereby leases unto the Ontario Commission those certain parcels or tracts of land and land under the waters of the Ottawa River, situate in the Townships of Aberdeen, Aberford, Eddy, Edwards and Boisclerc, in the Counties of Pontiac and Temiscamingue, in the Province of Quebec, containing by admeasurement an area of 4,800 acres, more or less, being the lands described in paragraph 2 of Schedule D hereto, together with such lands owned by Quebec, not exceeding in area three hundred acres, as shall be reasonably required for the site of the works necessary for the development of the said waterpowers (including access to the said Works) and which are of such nature that they cannot be conveniently and economically constructed on the lands described in the said paragraph 2 of Schedule D or on lands in the Province of Ontario.

23. (d) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for deepening purposes only, such other portions of the bed of the river Ottawa owned by Quebec as are necessary to enable the Ontario Commission to utilize in conjunction with the development of the waterpower of Des Joachims the upper half of the fall at the site known as Paquette; and

23. (e) Quebec also hereby gives leave and license and due and full permission to the Ontario Commission to enter upon, possess, occupy, use and enjoy for flooding purposes only, such additional lands owned by Quebec as are necessary to enable the head-water level of the Des Joachims waterpower to be raised to a level of 500 feet; and also to enable water to be diverted pursuant to Clause 28; provided, however, that the Ontario Commission shall give Quebec not less than twelve months' written notice before flooding the said lands or any part thereof, and that during the first three months of the said period of notice Quebec shall have the privilege of licensing or authorizing any person to enter upon the said lands or any part thereof and carry on lumbering operations thereon until the expiration of the said period of notice. If during the said three months Quebec shall not have licensed or authorized any person to enter upon the said lands or any part thereof to carry on lumbering operations thereon, the Ontario Commission may enter upon the said lands or any part thereof and carry on lumbering operations thereon. The Ontario Commission shall within three months after the expiration of the said period of notice

pay Quebec for all timber cut by it on the said lands, and also for all timber remaining uncut on the said lands at the expiration of the said period of notice, all according to the rates shown in Schedule E hereto.

23. SAVING, EXCEPTING AND RESERVING nevertheless unto Quebec in respect of lands referred to in paragraph (a) of this clause (23) the right to raise the head water level of the waterpowers known as Les Chats to elevation 247 and in respect of all lands referred to in this clause (23), all the ores, mines and minerals (including sand and gravel) which are or shall hereafter be found on or under the said lands, and access thereto, provided that nothing done in respect of or under or pursuant to such reservation shall interfere with or restrict or imperil the full development and use of the said waterpowers to the extent contemplated by this agreement, and provided further that the Ontario Commission may utilize free of charge in the construction of the works referred to in clause 27 any and all sand and gravel on or under the said lands, not otherwise disposed of by Quebec, and also any and all rock which does not contain ore or minerals.

TO HAVE AND TO HOLD the same with the appurtenances thereto unto the Ontario Commission for the full end and term of nine hundred and ninety-nine (999) years to be computed from the date hereof, yielding and paying as rental therefor unto His Majesty and His Heirs and Successors in right of the Province of Quebec at the Department of Lands and Forests, Quebec, yearly and every year during the said term hereby created, after the commencement date for rental hereinafter specified in this Clause, in lawful money of Canada, at the rate of One Dollar (\$1.00) for each and every average yearly horsepower of energy produced by the said Ontario Commission from Quebec's share of the water.

For the purpose of calculating the amount of such horsepower produced from Quebec's share of the water, under and by virtue of these presents, one-half of all the power produced in any lease year at each site shall be deemed to have been developed from Quebec's share of the water at each respective site.

In the event that Quebec's share of the water or any portion thereof is utilized to produce electrical power or energy, then the amount of such electrical power or energy so produced shall be determined by suitable measurements at the generator terminals at the site of the development. In the event that Quebec's share of the water or any portion thereof is utilized to produce forms or types of power or energy other than electrical power or energy, then the amount thereof shall be determined by appropriate methods of measurement.

For the purposes of this lease, one horsepower shall be taken to be .746 kilowatts or 550 foot pounds of work per second.

Suitable measuring instruments shall be provided and records kept by the Ontario Commission which shall at all times allow access thereto and supply reports therefrom to Quebec.

Separate bills for rental shall be rendered for each and every site.

The said rental shall commence on the first day the development of the said waterpowers at Cave & Fourneaux, Des Joachims and Chenaux or any of them is in operation and produces power or energy. The first payment of such rental shall be for the period from the said first day of operation and production to the said 31st day of March next following, inclusive, and shall be paid on or before the 1st day of May immediately succeeding. Lease years after the said period for which the first payment is to be made shall terminate on the 31st day of March, in each and every year, and rental for each such lease year shall be paid on or before the 1st day of May next following.

The said rentals payable by the Ontario Commission hereunder shall be subject to review at the end of twenty-five (25) years from the date hereof, and thereafter at the end of each and every twenty-five (25) years until the expiry or earlier determination of this lease. If at the end of such twenty-five (25) year periods or any of them, it shall appear necessary or desirable that the amounts to be paid hereunder should be adjusted, then such adjustments may be made by agreement between the parties hereto, and failing such agreement shall be submitted to the arbitral tribunal as provided for in Clause 46.

24. Notwithstanding the provisions of Clause 23 hereinabove written, until such time as the Quebec Commission shall pay Ontario the said sum of \$2,462,933 specified in Clause 3, the Ontario Commission shall not be obliged to pay any rentals under and pursuant to the said provisions of Clause 23 in respect of the Des Joachims waterpower regardless of whether or not power or energy is developed therefrom; but in respect of the period after payment of the said sum of \$2,462,933 to Ontario by the Quebec Commission the Ontario Commission shall pay according to the said provisions of Clause 23.

25. Quebec further covenants and agrees that it will as and when requested by the Ontario Commission acquire all lands and rights in the Province of Quebec not owned by Quebec, and which are necessary to enable the head-water level of the Cave & Fourneaux waterpower to be raised to 575 feet, and to enable the head-water level of the Des Joachims waterpower to be raised to 500 feet, and the head-water level of the Chenaux waterpower to be raised to 285 feet, and to enable water to be diverted pursuant to Clause 28, and the upper half of the fall at the site known as Paquette to be utilized in conjunction with the waterpower development at Des Joachims and to provide the sites and access referred to in Clauses 23 (a), 23 (c) and 23 (f).

The Ontario Commission shall before or at the time of making such request furnish Quebec with a complete detailed description of all such lands and rights. Upon such acquisition the said lands and rights acquired pursuant to this Clause 25 shall by order of the Lieutenant-Governor of Quebec-in-Council be added to the properties leased to the Ontario Commission by Clause 23, and shall be subject to the provisions of the said Clause 23. If Quebec fails to acquire lands and rights in accordance with the said complete detailed description referred to hereinabove in this Clause when so requested by the Ontario Commission, and if the

Ontario Commission has fully complied with the provisions of this Clause 25, Quebec shall pay for all damage resulting therefrom in the Province of Quebec, but if the Ontario Commission fails to furnish Quebec with the complete detailed description of lands and rights hereinbefore referred to in this Clause 25, or has otherwise failed to comply with such provisions, the Ontario Commission shall be liable for any additional expense resulting therefrom.

For all lands and rights acquired by Quebec for the Ontario Commission pursuant to the foregoing provisions of this Clause 25, and for the purposes of this agreement, the Ontario Commission shall pay to Quebec, or such person or corporation as Quebec may direct, the purchase price paid by or on behalf of Quebec to acquire such lands and rights together with the cost of acquiring them as and when the same are so acquired. For such lands acquired under the provisions of this Clause 25, Quebec shall not pay a higher purchase price than such price as shall be approved by the Ontario Commission, provided however that if the owner or owners of such lands or rights shall be unwilling to accept the purchase price which the Ontario Commission is willing to approve, the said lands or rights shall be expropriated by or on behalf of Quebec, and Quebec shall pay as the purchase price thereof the proper amount as determined in such expropriation proceedings. The Ontario Commission shall thereupon reimburse Quebec accordingly, and the cost of such expropriation shall be deemed to be included in the cost of acquiring the said lands or rights.

26. Whenever under the provisions of Clause 25 the Ontario Commission makes a proper request that Quebec acquire lands or rights, and complies fully with the provisions of Clause 25, Quebec shall do everything within the legislative authority of the Province of Quebec to put the Ontario Commission in possession of such lands or rights for the purposes of this agreement within three months from receipt of such request.

27. Upon the said properties hereby leased to the Ontario Commission the said Ontario Commission may construct buildings, dams, weirs, tunnels, races, flumes, sluices, pits and such other structures and works as it may deem necessary or desirable to develop the said Cave & Fourneaux, Des Joachims and Chenaux waterpowers, and to utilize the upper half of the fall at the site known as Paquette, subject to the provisions of The Water-Course Act, R.S.Q. 1941, Chapter 98, provided, however, that should approval thereof, or of any part thereof, under the said Water-Course Act or similar legislation of the Province of Quebec be refused, the Ontario Commission may appeal therefrom to the arbitral tribunal provided for in Clause 46 hereof.

28. The Ontario Commission may divert water in the Ottawa River from its natural channel as part of or pertaining to the development of waterpowers at Cave & Fourneaux, Des Joachims and Chenaux authorized hereby at or above the sites of the said respective waterpowers subject to returning the said water to the natural channel of the Ottawa River below the said respective sites.

29. The Ontario Commission shall and will indemnify and save harmless Quebec and the Quebec Commission from any loss, costs, damage, damages or expenses Quebec or the Quebec Commission may sustain, suffer or be put to by reason of or on account of the Ontario Commission exceeding the rights or powers hereby granted to it or exercising the same in a negligent manner.

30. Quebec and the Quebec Commission respectively release and discharge the Ontario Commission from all claims and demands for or in respect of damage or loss sustained by Quebec or the Quebec Commission in respect of any waterpower upon waters tributary to the Ottawa River, owned or operated by Quebec or the Quebec Commission, occasioned by or on account of the Ontario Commission exercising in a proper manner the rights, powers and privileges hereby granted to it in accordance with the terms hereof.

31. Subject to the provisions of Clause 30 the Ontario Commission assumes any and all liability in respect of damage to or encroachment upon any waterpower not within the limits of the lands described in

Schedule D occasioned by anything done or purported to be done under or pursuant to these presents by the Ontario Commission or anyone on its behalf, and the Ontario Commission agrees to indemnify and save harmless Quebec therefrom.

32. The Ontario Commission shall whenever so required by or on behalf of Quebec erect and maintain durable and efficient fishways for the free passage of fish.

33. Upon the expiry of the term of the lease of the properties hereby leased to the Ontario Commission, or upon its earlier termination the said properties and all works constructed thereon shall revert to Quebec.

34. If and whenever the rentals hereby reserved or any part thereof shall be unpaid for ninety (90) days after any of the days on which same ought to be paid, the Lieutenant-Governor in Council of Quebec, may upon five years' notice to the Ontario Commission of its intention so to do and provided that default in payment continues, cancel the lease of that portion of the properties hereby demised to the Ontario Commission in respect of which default continues but such cancellation shall not affect the rights of any of the parties in respect of the remaining portion of any properties leased or licensed under these presents.

If at any time or times when any rentals hereby reserved or any part thereof payable by the Ontario Commission to Quebec shall remain unpaid after the same shall have become due and payable, there shall be any rentals due by the Quebec Commission to Ontario under foregoing provisions of these presents the Quebec Commission may pay the said rentals due as aforesaid to Quebec instead of to Ontario in the amount in which the Ontario Commission is in default or on account thereof, whereupon the Quebec Commission shall be credited accordingly.

35. No lands, rights or works erected thereon nor any essential part of the development of the said waterpowers shall be expropriated from the Ontario Commission by Quebec or under the authority of any present or future Act of the Legislature of the Province of Quebec. The Ontario Commission shall not be subject to the control contemplated by the Electricity Act, R.S.Q. 1941, Chapter 99 and amendments thereto, or by any similar Act, save as regards electric power distributed or sold in Quebec. The provisions of An Act respecting the Exportation of Hydro-Electric Power, R.S.Q. 1941, Chapter 100, shall not apply to this agreement. The Ontario Commission shall not be required to obtain a license or to file a prospectus or returns under The Extra Provincial Companies Act, Act, R.S.Q. 1941, Chapter 279, or The Companies Information Act, R.S.Q. 1941, Chapter 281 or any similar legislation.

36. The Ontario Commission shall pay to Quebec or to the Quebec Commission at the same times as the rentals under Clause 23 are payable a fair annual charge to recompense Quebec or the Quebec Commission for expenses incurred for works heretofore or hereafter constructed or executed to increase or regulate the flow of the Ottawa River at the said Cave & Fourneaux, Des Joachims and Chenaux waterpower sites or any of them, the amount of such annual charge to be based upon the benefit derived by the Ontario Commission from such works as compared with the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby. Provided, however, that nothing in these presents shall be deemed to authorize the construction of such works in the inter-provincial section of the Ottawa River.

No such works shall be constructed until the Ontario Commission shall have been given three months' notice thereof in writing and if the Ontario Commission objects thereto an issue in respect of the construction or non-construction of such works shall be submitted to the arbitral tribunal provided for in Clause 46. The amount of such annual charges from time to time if not agreed upon by the Ontario Commission with the party constructing the said works shall be submitted to the said arbitral tribunal.

37. The Ontario Commission shall establish and collect an adequate general tariff (subject to the approval of the Lieutenant-Governor in Council

of the Province of Ontario) of fees or charges to be paid by all persons and corporations in the Province of Ontario other than the parties to these presents who use the waters of the Ottawa River to recompense Quebec or the Quebec Commission for expenses incurred for works constructed or executed to increase or regulate the flow of the Ottawa River, the said tariff to be based on a comparison between the benefit derived by each of the said persons or corporations and the benefit derived therefrom by the waterpower developments in the Provinces of Ontario and Quebec directly affected thereby, and subject to submission to the said arbitral tribunal in respect to the amount of such fees and charges. Waterpower developments of the Ontario Commission on the Ottawa River, other than at the said Cave & Fourneau, Des Joachims and Chenaux sites, shall for the purposes of this Clause 37 be deemed to be waterpower developments of a corporation using the waters of the Ottawa River other than the parties to these presents, and the Ontario Commission shall be bound by the said general tariff in respect thereof and pay thereunder. All sums so collected and all amounts otherwise payable under this Clause 37 by the Ontario Commission shall be paid by the Ontario Commission to Quebec or the Quebec Commission whichever has or shall have incurred the expense.

38. Quebec covenants and agrees that in so far as it may be within its legislative jurisdiction the legal remedies within the Province of Quebec of any person or corporation not a party to these presents, who shall claim that he has been or may be injured by reason of the development of the said Cave & Fourneau, Des Joachims or Chenaux waterpower sites or the utilization of the upper half of the fall at the said site known as Paquette shall be restricted to claims for damages only, and a claim for an injunction by the Courts of the Province of Quebec in respect of any such injury as may be alleged shall be prohibited.

39. Notwithstanding The Mortmain Act, R.S.Q. 1941, c. 283, or any amendment thereto or substitution therefor, the Ontario Commission shall have the right to hold in the Province of Quebec, the lands and rights hereby leased or licensed to it and all works and improvements required for their full utilization and the production of power. Notwithstanding any general law or special Act such leased or licensed lands and such rights, works and improvements shall be exempt from all provincial taxes and fees payable to the Province of Quebec, and from all municipal and school taxes and fees and the Ontario Commission shall be wholly exempt from all provincial, municipal and school taxes and fees which might be imposed or assessed against it by reason of anything done under this agreement or arising therefrom.

40. Quebec covenants and agrees with the Ontario Commission that if and so long as the Ontario Commission pays the rental to be paid by it, and performs its covenants, promises and agreements hereunder, the Ontario Commission shall and may peaceably possess and enjoy the lands leased and licensed to it hereby for the term hereby granted for the purposes of this agreement, without any interruption or disturbance from Quebec, or any other person or persons lawfully claiming by or under Quebec or its predecessors in right and title.

41. Any right, title or interest taken by the Ontario Commission hereunder shall be taken subject to the legislative authority or any prior right, title or interest of the Dominion of Canada thereover or therein to the extent, if any, of such legislative authority or prior right, title or interest.

42. Quebec covenants, promises and agrees to and with the Ontario Commission that it will from time to time and at all times hereafter upon every reasonable request execute or cause to be made, done or executed all such further and other lawful acts, deeds, things, devices and assurances in the law whatsoever, for the better, more perfectly and absolutely giving effect to the intention of these presents.

43. In so far as these presents relate to properties and rights in the Province of Quebec they shall be deemed to have been executed in the Province of Quebec and the law of Quebec shall apply.

44. The granting of these presents shall not take away the lawful rights of timber owners or others to drive their logs or timber down the Ottawa River, not only within but also beyond the limits of the lands comprised in these presents.

45. In ascertaining, for the purposes of Clauses 15, 16, 36 and 37 hereof, the amount of expenses incurred for works to increase or regulate the flow of the Ottawa River, adequate compensation shall be included for all lands flooded whether Crown property or private property.

46. Any and all disputes arising between the parties hereto, or any of them, relative to these presents, or the fulfilment of any of the terms, provisions or conditions hereof, shall be decided by an arbitral tribunal composed of three members, one of whom shall be chosen by the Lieutenant-Governor in Council of the Province of Ontario, another by the Lieutenant-Governor in Council of the Province of Quebec, and the third by the other two. In the event that either Lieutenant-Governor in Council does not choose a member or that the two members chosen do not agree upon the choice of the third member, the choice shall be made by the Chief Justice of Canada.

The findings of any two members of the arbitral tribunal who are of the same opinion shall be the findings of the tribunal, and if more than one item be submitted to the tribunal at the same time, this rule shall apply to each item.

The findings of the arbitral tribunal shall be final and binding upon the parties hereto, subject to the right of appeal hereinafter contained. Upon an appeal to the arbitral tribunal under Clause 6 or Clause 27 the arbitral tribunal may give such approval as in its opinion should be given and such approval shall be sufficient under the Acts concerned.

The arbitral tribunal shall have power to adjudicate upon the costs of arbitration, but such costs shall not include the remuneration of the two members of the tribunal appointed by the Lieutenant-Governor in Council of the Province of Ontario, and the Lieutenant-Governor in Council of the Province of Quebec respectively, each of whom shall be paid by the party appointing him. The remuneration of a member chosen by the Chief Justice of Canada in lieu of the Lieutenant-Governor in Council of a Province shall be paid by the Government of such Province.

The provisions of The Arbitration Act of Ontario, which are not inconsistent with this agreement, shall apply to the determination of disputes arising from matters to which the law of Ontario is made applicable by Clause 22 hereof. From the award on such disputes an appeal shall lie to the Court of Appeal for Ontario as from a final judgment of the High Court of Justice for Ontario.

The provisions of the Code of Civil Procedure of the Province of Quebec relating to arbitrations shall apply to the determination of disputes arising from matters to which the law of Quebec is made applicable by Clause 43 hereof except insofar as inconsistent with the provisions of this agreement. From the award on such disputes an appeal shall lie to the Court of King's Bench of the Province of Quebec as from a final judgment of the Superior Court of the Province of Quebec.

In the case of death, refusal, withdrawal or inability to act of one or more of the arbitrators each such arbitrator shall be replaced by another appointed in the same manner as the arbitrator whom he replaces.

47. This agreement shall not become binding upon the parties unless and until the Legislature of the Province of Ontario at its next session shall have confirmed and validated it to the extent of its legislative authority.

IN WITNESS WHEREOF the parties hereto have executed these presents as of the day and year first above written.

PRESENT:

HIS EXCELLENCY
THE GOVERNOR GENERAL IN COUNCIL:

WHEREAS the governments of the provinces of Ontario and Quebec and the Hydro-Electric Power Commission of Ontario and the Quebec Streams Commission have negotiated an agreement for the purpose of developing water power at sites on the Ottawa River known as Cave & Fourneaux, Des Joachims, Chenaux, Rocher Fendu and Carillon, copy of which agreement is annexed hereto;

AND WHEREAS the Minister of Munitions and Supply reports that the respective parties to the agreement aforesaid have made application to him for co-operation by the Government of Canada to facilitate the development of the water powers aforesaid.

AND WHEREAS the Minister is of opinion that the development of additional power on the Ottawa River with the least possible delay is necessary for the operation of war industries;

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, concurred in by the Minister of Public Works, the Minister of Transport and the Minister of Mines and Resources, and pursuant to the powers vested in the Governor in Council by the War Measures Act, Chapter 206, R.S.C. 1927, is pleased thereby, to order that, notwithstanding anything contained in any other statute or law, and subject to the reservations hereinafter stated, lands belonging to His Majesty in right of Canada adjacent, contiguous or comprising any part of the bed of the Ottawa River required for the purposes of the agreement aforesaid, to the extent necessary to carry out the said agreement, be and they are hereby transferred as follows, namely:

Lands aforesaid in the Province of Ontario to His Majesty in right of the Province of Ontario, and lands aforesaid in the Province of Quebec to His Majesty in right of the Province of Quebec; the transfer aforesaid to have effect in the case of lands required for the purposes of each of the developments contemplated in the said agreement at the date of the approval of the site and plans of the works for such development pursuant to the Navigable Waters Protection Act, R.S.C. 1927, Chapter 140.

His Excellency in Council, on the same recommendation, with the concurrence aforesaid, and under the above cited authority is further pleased to order and doth hereby order,—

That there shall be excepted from the operation of the transfers effected hereby all lands required for navigation purposes, which said lands shall be described in the Order-in-Council granting approval aforesaid under the Navigable Waters Protection Act; Provided, nevertheless, that with respect to the lands so excepted the transferee shall enjoy such rights as are not inconsistent with the requirements of navigation as determined in the said Order and are required for the purposes of the said agreement;

That from time to time hereafter there shall, upon every reasonable request made on behalf of His Majesty in right of the Province of Ontario

or His Majesty in right of the Province of Quebec, be executed or done all such further lawful acts or things as may be necessary to give effect to the foregoing;

The the Minister of Public Works or the Minister of Transport or the Minister of Mines and Resources, each in respect of matters under his departmental authority, be and he is hereby authorized and directed, on request of any party to the aforesaid agreement, to cancel and terminate, and if in his opinion it is necessary, expropriate any lease or privilege granted by His Majesty in right of Canada in respect of the Ottawa River and its tributaries or the use of the water thereof, save in respect of Chaudiere Falls, if the Minister concerned is satisfied that the continuation of the enjoyment of such lease or privilege would in any way interfere with the development of a water power as provided for in the said agreement: Provided that payment of any compensation required by law to be paid upon the cancellation, termination or expropriation of any such lease or privilege heretofore granted shall be assumed by the party making the request to such extent and upon such terms as may be arranged between the party aforesaid and the Minister concerned;

And further that nothing herein contained shall be deemed to authorize the construction of any work in, upon, over, under, through or across the Ottawa River otherwise than in accordance with the provisions of the Navigable Waters Protection Act aforesaid.

58. Where the Commission has heretofore entered or shall hereafter enter into an agreement for the supplying of electrical power or energy by or to the Commission or for any other work or service to be done or supplied by or to the Commission, and such agreement has been or shall hereafter be submitted to and approved by the Lieutenant-Governor in Council, such agreement shall thereupon be valid and binding upon the parties thereto and shall not be open to question upon any grounds whatsoever, anything in this Act or in any other Act to the contrary notwithstanding.

Rev. Stat.,
c. 62, s. 71,
subs. 4,
(1939, c. 35,
s. 3),
amended.

8. Subsection 4 of section 71 of *The Power Commission Act*, as enacted by section 3 of *The Power Commission Amendment Act, 1939*, is amended by adding thereto the words

SECTION 6. Secretary-treasurers of police villages have money in their hands at times to meet payments coming due for principal on debentures issued for works constructed to obtain power, as well as for interest. Subsection 3 of section 33 of *The Power Commission Act* makes reference to interest only. This amendment remedies this defect.

SECTION 7. It has been argued that section 58 of *The Power Commission Act* is ambiguous and might refer only to an agreement for supply of power by the Commission. The amendment removes doubt as to the application of the section to an agreement for the supply of power to the Commission.

SECTION 8. This provides for the amalgamation of rural power district funds upon the amalgamation of rural power districts.

"and may thereupon utilize for the supply and distribution of electrical power or energy in any rural power district so formed or reconstituted or altered or which may have been so formed, or reconstituted or altered all or any portion of the revenue which may be derived or may have been derived from any contract for the distribution of electrical power or energy made between the Commission and the corporation of any township forming such rural power district or any part thereof", so that the said subsection shall now read as follows:

Alterations of boundaries.

- (4) The Commission may unite any two or more rural power districts in one rural power district and may join into a rural power district or may include in a rural power district one or more townships or any part or parts thereof whether already part of any rural power district or not and may alter the boundaries of any rural power district, and may thereupon utilize for the supply and distribution of electrical power or energy in any rural power district so formed or reconstituted or altered or which may have been so formed, or reconstituted or altered all or any portion of the revenue which may be derived or may have been derived from any contract for the distribution of electrical power or energy made between the Commission and the corporation of any township forming such rural power district or any part thereof.

Rev. Stat., c. 62, s. 78, amended.

9. Section 78 of *The Power Commission Act* as amended by section 6 of *The Power Commission Amendment Act, 1939*, is further amended by inserting after the word "district" in the third line the words "or any section thereof", so that the said section shall now read as follows:

Rates to be fixed by Commission.

78. The rates to be charged to customers receiving electrical power or energy from the Commission in a rural power district or any section thereof shall be fixed by the Commission under this Act.

Short title.

10. This Act may be cited as *The Power Commission Amendment Act, 1943*.

SECTION 9. Where rural power districts are amalgamated it may be desirable to retain an existing difference in rates between what were formerly complete rural power districts and are now sections of a larger district. This amendment authorizes such a practice.

BILL

An Act to amend The Venereal Diseases Prevention Act, 1942.

MR. KIRBY

BILL

An Act to amend The Venereal Diseases Prevention Act, 1942.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1942, c. 38,
s. 4, subs. 2,
amended.

1. Subsection 2 of section 4 of *The Venereal Diseases Prevention Act, 1942*, is amended by striking out all the words after the word "shall" in the third line and inserting in lieu thereof the words "be sentenced to a term of imprisonment of not less than seven days and not exceeding twelve months", so that the said subsection shall now read as follows:

Penalty.

(2) Every person who without reasonable excuse, the proof of which shall be upon him, fails to comply with a direction made under subsection 1 shall be sentenced to a term of imprisonment of not less than seven days and not exceeding twelve months.

1942, c. 38,
amended.

2. *The Venereal Diseases Prevention Act, 1942*, is amended by adding thereto the following section:

Authority
of medical
medical of
health.

4a.—(1) Where,—

(a) any person has been named under oath as the source of gonorrhoea infection or is believed by the medical officer of health to be a source of such infection; and

(b) in the opinion of the medical officer of health the clinical findings and history of such person indicate that such person is or may be infected with gonorrhoea,

the medical officer of health may, whether or not laboratory findings indicate the presence of gonorrhoea infection, proceed in the manner prescribed in clauses *a* and *b* of subsection 3 of section 4.

EXPLANATORY NOTES

SECTION 1. Section 4 of *The Venereal Diseases Prevention Act, 1942*, authorizes a medical officer of health to require any person whom he believes may be infected with venereal disease to submit to examination by a physician and to procure and produce a report or certificate of the physician as to the existence of venereal disease. Any person who fails to comply with the requirements of the medical officer of health is liable to a fine of not less than \$100 nor more than \$500 and in default of payment to imprisonment for a period not exceeding twelve months. The penalties are, by the amendment, altered and the penalty will hereafter be imprisonment for a period of not less than seven days and not more than twelve months. This will afford an opportunity of examining the person to determine whether he is infected with venereal disease.

SECTION 2. The proposed section 4a permits a medical officer of health to require a person to undergo treatment for venereal disease in the case of any person who has been named under oath as the source of infection or is believed by the medical officer of health to be a source of infection if, in addition thereto, the medical officer of health, having regard to the clinical findings and the history of the person, is of the opinion that such person may be infected. The fact that laboratory findings do not indicate the presence of infection does not interfere with the authority of the medical officer of health.

Medical
officer of
health may
take state-
ment under
oath.

- (2) For the purposes of subsection 1, a medical officer of health may administer an oath and take a statement under oath.

Information
or complaint.

- (1) Any medical officer of health may make a complaint or lay an information in writing and under oath before a justice of the peace charging that the circumstances set out in clause *a* or *b* of subsection 5 exist with regard to any person named in such complaint or information.

1942,
c. 38, s. 5,
subs. 5, re-
enacted.

(2) Subsection 5 of the said section 5 is repealed and the following substituted therefor:

(a) is infected with a venereal disease and is unwilling or unable to conduct himself in such a manner as not to expose other persons to the danger of infection; or

(b) is infected with a venereal disease and refuses or neglects to take or continue treatment as required by this Act and the regulations,

he shall order that such person be admitted to and detained in a place of detention for such period not exceeding one year as the magistrate may deem necessary.

1942,
c. 38, s. 21,
subs. 2,
amended.

4. Subsection 2 of section 21 of *The Venereal Diseases Prevention Act, 1942*, is amended by striking out the words “with the approval of the Lieutenant-Governor in Council” in the first and second lines, so that the said subsection shall now read as follows:

tribution.

- (2) The Minister may, out of any moneys appropriated by the Legislature for the purposes of this Act, provide for the payment of the expenses incurred in carrying out this Act and the regulations including the manufacture and free distribution to local boards of health, physicians and hospitals of any drug, medicine, appliance or instrument which the Minister may deem useful or necessary for the alleviation,

SECTION 3. Where proceedings are taken before a magistrate against any person who is believed to be infected with venereal disease it is now necessary to show infection with the disease *and* an inability or unwillingness to conduct himself in such a manner as not to expose other persons to the danger of infection *and* refusal or neglect to continue treatment. The effect of the amendment is that it will now only be necessary to show infection *and* unwillingness to conduct himself properly or to show infection *and* refusal or neglect to continue treatment.

1. Subsection 1 of section 8 of *The Workmen's Compensation Act* is amended by inserting after the word "accident" in the first line the words "arising out of and in the course of his employment" and by striking out the words "in the course of his employment" in the first and second lines, so that the said subsection shall now read as follows:

Rev. Stat.,

Provisions of
Act in lieu
of all rights
of action
against
employer.

(1) The provisions of this Part shall be in lieu of all rights and rights of action, statutory or otherwise, to which a workman or the members of his family

EXPLANATORY NOTES

GENERAL. The purpose of this Act is to amend *The Workmen's Compensation Act* to provide for an increase in the compensation payable to the widow of a workman from \$40 to \$45 a month and if the limitation of sixty-six and two-thirds per cent of the workman's average earnings set out in the Act applies, to provide nevertheless for a minimum monthly payment of \$55 for a widow and one child, with a further monthly payment of \$10 for each additional child unless this amount exceeds the workman's average earnings.

It also provides that the mother of a dependent illegitimate child shall be entitled to compensation as a foster-mother and that compensation to a child may in the discretion of the Board be paid up to the age of eighteen years instead of sixteen years as at present, provided this extra period is used in the furthering and bettering of the education of the child.

The law is also clarified regarding the advances and allowances made by an employer which are to be considered in fixing compensation, regarding actions which may be brought by a workman and his dependants, and certain industrial diseases.

SECTION 1. A workman is entitled to compensation for personal injury by accident "arising out of and in the course of his employment." The expression "arising out of" is omitted from the section as it now stands and is added by the present amendment.

SECTION 2. This repeals section 10 of the present law which require that a member of the family of the employer or his dependants are not entitled to compensation unless the member of the family was at the time of an accident carried by the employer in the last pay roll statement filed with the Board. This requirement is considered unfair as it discriminates against members of the family as compared with other workmen who are not subject to such limitation.

SECTION 3. The compensation to which a workman and his dependants are entitled is based on a certain percentage of his average annual earnings. The maximum earnings on which compensation is based under the present law is \$2,000 per annum. This amendment provides for an increase in the basis for computing earnings from \$2,000 to \$2,500 per annum.

SECTION 4. This subsection makes clear that the provisions of the Act are in lieu of all rights of action against the employer by either the workman, or in case of death, by members of the family.

are or may be entitled against the employer of such workman for or by reason of any accident happening to him on or after the 1st day of January, 1915, while in the employment of such employer, and no action in respect thereof shall lie.

Rev. Stat.,
c. 204, s. 35,
subs. 1, cl. b,
amended.

5.—(1) Clause *b* of subsection 1 of section 35 of *The Workmen's Compensation Act* is amended by striking out the symbol and figures "\$40" in the second line and inserting in lieu thereof the symbol and figures "\$45", so that the said clause shall now read as follows:

(b) Where the widow or an invalid husband is the sole dependant a monthly payment of \$45.

Rev. Stat.,
c. 204, s. 35,
subs. 1,
cl. c,
amended.

(2) Clause *c* of subsection 1 of the said section 35 is amended by striking out the symbol and figures "\$40" in the third line and inserting in lieu thereof the symbol and figures "\$45", so that the said clause shall now read as follows:

(c) Where the dependants are a widow or an invalid husband and one or more children, a monthly payment of \$45, with an additional monthly payment of \$10 to be increased upon the death of the widow or invalid husband to \$15 for each child under the age of sixteen years.

Rev. Stat.,
c. 204, s. 35,
subs. 1,
amended.

(3) Subsection 1 of the said section 35 is further amended by adding thereto the following clause:

(f) Where in the opinion of the Board the furnishing of further or better education to a child approaching the age of sixteen years appears advisable, the Board in its discretion may on application extend the period to which compensation shall be paid in respect of the child for such additional period as is spent by the child in the furthering or bettering of its education but in no case beyond the age of eighteen years.

Rev. Stat.,
c. 204, s. 35,
subs. 2,
amended.

(4) Subsection 2 of the said section 35 is amended by inserting after the word "dies" in the second line the words "or where there is a mother of a dependent illegitimate child", and by inserting after the word "sister" in the third line the words "or mother of an illegitimate child", so that the said subsection shall now read as follows:

Payment of
monthly
allowance to
foster-
mother.

(2) Where the workman leaves no widow or the widow subsequently dies, or where there is a mother of a dependent illegitimate child, and it seems desirable to continue the existing household, and an aunt, sister or mother of an illegitimate child, or other

SECTION 5.—(1) This provides for an increase of from \$40 to \$45 where the dependants are a widow or an invalid husband.

(2) This provides for an increase of from \$40 to \$45 to the widow or an invalid husband where the dependants are a widow or an invalid husband and one or more children.

(3) Under the present law compensation to a child ceases when it attains the age of sixteen years or dies. This amendment authorizes the Board in its discretion to pay compensation for an additional two years if such period is spent by the child in the furthering or bettering of its education.

(4) This amendment provides that the mother of an illegitimate child may receive compensation as a foster-mother, like other persons who maintain the household and take care of the children in a suitable manner.

suitable person acts as foster-mother in keeping up such household and maintaining and taking care of the children entitled to compensation in a manner which the Board deems satisfactory, such foster-mother while so doing shall be entitled to receive the same monthly payments of compensation for herself and the children as if she were widow of the deceased, and in such case the children's part of such payments shall be in lieu of the monthly payments which they would otherwise have been entitled to receive.

Rev. Stat.,
c. 204, s. 35,
subs. 9, re-
enacted.

(5) Subsection 9 of the said section 35 is repealed and the following substituted therefor:

tion not to
exceed per-
centage of
wages in
certain cases.

(9) Exclusive of the expenses of burial of the workman and the lump sum of \$100 the compensation payable as provided by subsection 1 shall not in any case exceed sixty-six and two-thirds per centum of the average earnings of the workmen mentioned in section 38, and if the compensation payable under that subsection would in any case exceed that percentage it shall be reduced accordingly, and where several persons are entitled to monthly payments the payments shall be reduced proportionately, provided, however, that the minimum compensation shall be:

Proviso.

- (a) where the widow or an invalid husband is the sole dependant a monthly payment of \$45, or if the workman's average earnings are less than \$45 per month, the amount of such earnings; and
- (b) where the dependants are a widow or an invalid husband and one or more children a monthly payment of \$55 for the widow or invalid husband and one child irrespective of the amount of the workman's earnings, with a further monthly payment of \$10 for each additional child unless the total monthly compensation exceeds the workman's average earnings in which case the compensation shall be a sum equal to such earnings or \$55, whichever is the greater, the share for each child entitled to compensation being reduced proportionately.

6. Section 37 of *The Workmen's Compensation Act* is amended by inserting after the word "of" in the first line the words "clause f of subsection 1 of section 35 and", so that the said section shall now read as follows:

(5) The monthly payments of compensation for a widow and children are subject to the limitation that they must not exceed sixty-six and two-thirds per cent of the workman's average earnings. This amendment provides for minimum payments to widows and children below which compensation shall not fall, irrespective of the workman's earnings.

SECTION 6. This section conforms with the amendment made by subsection 3 of section 5 providing for the education of the children to eighteen years of age

When
payments to
child to
cease.

37. Subject to the provisions of clause *f* of subsection 1 of section 35 and subsection 6 of section 35 a monthly payment in respect of a child shall cease when the child attains the age of sixteen years or dies.

Rev. Stat.,
c. 204, s. 44,
subs. 1, re-
enacted.

7. Subsection 1 of section 44 of *The Workmen's Compensation Act* is repealed and the following substituted therefor:

Matters to
be con-
sidered in
fixing
payments.

- (1) In fixing the amount of compensation to be paid to a workman or his dependants, regard shall be had to any payment, allowance or benefit paid to them by the workman's employer in respect of the workman's accident, including any gratuity or other allowance provided wholly at the expense of the employer.

Rev. Stat.,
c. 204, s. 115,
subs. 15
amended.

8. Subsection 15 of section 115 of *The Workmen's Compensation Act* is amended by striking out the word "also" in the second line and inserting in lieu thereof the words "*mutatis mutandis*" and by striking out all the words after the word "phthisis" in the third line, so that the said subsection shall now read as follows:

Extension
of section
to pneumo-
coniosis, etc.

- (15) The provisions of this section relating to silicosis shall apply *mutatis mutandis* to pneumoconiosis and stone worker's or grinder's phthisis.

Commence-
ment of Act.

9. This Act shall come into force on the day upon which it receives the Royal Assent but subsections 1, 2 and 5 of section 5 shall apply only to accidents happening on or after that date; and subsection 3 of section 5 shall apply without regard to the date of the accident.

Short title.

10. This Act may be cited as *The Workmen's Compensation Act, 1943*.

SECTION 7. The present law requires the Board in fixing compensation literally to consider any payment or allowance which the workman might receive from his employer during the period of his disability. The amendment makes clear that it is only a payment or allowance made to the workman or his dependents in respect of his accident which is to be regarded.

SECTION 8. This clarifies an obscurity in the present law regarding the condition upon which compensation is granted for pneumoconiosis and stone worker's and grinder's phthisis.

10. It shall be the duty of every culler of sawlogs or of pulpwood as the case may be to measure fairly and correctly to the best of his skill, knowledge and ability all sawlogs and pulpwood which he may be employed to measure, making only such deductions as are necessary to allow for rots or other defects, and to enter in a book of record, for the purpose of return to the Department, what he believes to be the proper contents of the logs and pulpwood, noting also the number of pieces of sawlog and pulpwood timber respectively rejected as culls.

SECTION 14. In the present section 11 of *The Cullers Act* the culler is required to mark the word "cull" on all sawlogs and pulpwood rejected as worthless but he was not permitted to so mark timber intended to be hauled or driven to a mill. The new section relieves the licensee from the necessity of paying for cull logs and permits him to remove them from the bush without being responsible for any payment in respect to them.

SECTION 15. This subsection is new. A municipality which has been under supervision will continue to use the tax arrears procedures of Part III of *The Department of Municipal Affairs Act* after it has ceased to be under supervision. Rev. Stat.,
c. 256, s. 106,
cl. b, condi-
tion 4 re-
enacted.

18.—(1) Clause *b* of condition 4 of the Statutory Conditions set forth in section 106 of *The Insurance Act* is suspended and the following substituted therefor:

- (b) for loss or damage caused by insurrection, riot, civil commotion, or usurped power, or for war damage as defined by paragraph *m* of section 2 of the *War Risk Insurance Act, 1942* (Canada), and as interpreted by a certain Order of the Governor-General in Council numbered P.C. 11038, dated the Third day of December, 1942.

Applica-
tion to
existing
contracts.

(2) Subject to the exception stated in subsection 1 of section 106, clause *b* of condition 4 of the Statutory Conditions, as enacted by this section, shall be deemed to be part of every contract of fire insurance now in force or hereafter made, notwithstanding that it is not printed in the policy.

Termination
of section.

(3) This section shall continue in force only until a day to be named by the Lieutenant-Governor by his proclamation.

Rev. Stat.,
c. 256,
amended.

19. *The Insurance Act* is amended by adding thereto the following section:

Rateable
contribution
excluded
only by
consent.

107a.—(1) If at the time of the happening of any loss or damage by fire to property insured there is in force more than one policy taken by and in the name of the insured, insuring the property against loss or damage caused by the peril of fire, no term of any such policy which excludes the insurer from contributing a rateable proportion of the loss with an insurer under any such other policy shall be valid unless the insurer under such other policy has expressly assented in writing to such term.

SECTION 17. The amendment provides for the making of regulations prohibiting or regulating the selling of produce, fruit, goods and merchandise on divided highways.

SECTION 18. The Dominion Government has provided a scheme for War Risk Insurance and also a fairly complete definition of the war perils. The amendment removes the possibility of a gap or an overlap between the coverage given by ordinary fire policies and that under the Dominion War Risk Scheme which in some circumstances might obtain under the present statutory condition. The insurance companies have signed agreements with the Dominion Government not to write insurance which conflicts with the War Risk Scheme.

SECTION 19. Since the introduction of multiple cover policies and policies known as personal property floaters cases have arisen where the assured has been put to considerable inconvenience and undue delay has been caused in the payment of losses due to the fact that the insurer issuing the multiple policy form has taken the stand that the entire coverage was excess coverage to any specific policy already in force. It is considered that, inasmuch as the premium rate on the fire portion of the multiple policy is the same as the premium rate on a specific fire policy insurers should contribute a rateable proportion of any loss caused by the peril of fire. This amendment will prohibit the making of the fire section of a multiple policy excess insurance unless the consent of all concerned is obtained. This will remove any misunderstanding as to the amount or amounts due from the several insurers and will permit of prompt payment to the insured.

Effect of
policy may
not be
postponed.

- (2) For the purpose of subsection 1, a policy shall be deemed to be in force notwithstanding any term thereof that the policy shall not cover, come into force, attach or become insurance with respect to the property until after full or partial payment of any loss under any other policy.

Certain
restrictions
valid.

- (3) Nothing in subsection 1 shall affect the validity of any divisions of the sum insured into separate items, or any limits of insurance on specific property, or a co-insurance clause, or a limitation of liability clause authorized under section 107, or the provision of statutory condition 8 set forth in section 106 respecting undisclosed insurance.

Insurance on
identified
articles.

- (4) Notwithstanding subsection 1, insurance on identified articles shall be a first loss insurance as against all other insurance.

Application
of section.

- (5) This section shall, in respect to the peril of fire, apply to all policies of all classes of insurance except aircraft, automobile, boiler and machinery, livestock and marine insurance.

Rev. Stat.,
c. 256, s. 195,
subs. 1,
amended.

20. Subsection 1 of section 195 of *The Insurance Act* is amended by inserting after the word "payment" in the first line the word "or", so that the said subsection shall now read as follows:

Subroga-
tion.

- (1) The insurer, upon making any payment or assuming liability therefor under a contract of automobile insurance, shall be subrogated to all rights of recovery of the insured against any person and may bring action in the name of the insured to enforce such rights.

Rev. Stat.,
c. 100, s. 84,
subs. 2,
repealed.

21. Subsection 2 of section 84 of *The Judicature Act* is repealed.

Rev. Stat.,
c. 231, s. 23,
re-enacted.

22. Section 23 of *The Land Surveyors Act* is repealed and the following substituted therefor:

SECTION 20. A typographical error is corrected.

SECTION 21. Since the Windsor amalgamation special reference to the local registrar at Sandwich is no longer required nor is it accurate.

SECTION 22. This section provides for the shortening of the period of apprenticeship in the case of graduates of forestry to one year and restricts the same privilege to graduates of mathematics and mathematics and physics in the Arts courses of the Ontario universities therein named rather than permitting graduates in Arts generally to shorten their period of apprenticeship.

Rev. Stat.,
c. 331, s. 4,
repealed.

23. Section 4 of *The Lightning Rod Act* is repealed.

Rev. Stat.,
c. 188, s. 18,
amended.

24. Section 18 of *The Limited Partnership Act* is amended by striking out the word "principle" in the seventh line and inserting in lieu thereof the word "principal".

Rev. Stat.,
c. 96, s. 2,
amended.

25. Section 2 of *The Long Point Park Act* is amended by inserting after the word "vested" in the twenty-first line the words "in the Long Point Park Commission", so that the said section shall now read as follows:

Park vested
in Commis-
sion.

2. The tracts of land, marsh land, and land covered by water hereinafter mentioned, that is to say: All that parcel or tract of land and marsh land in the Township of South Walsingham bounded on the south by the waters of Lake Erie, on the north by the waters of Inner Long Point Bay, on the east by the lands now owned by the Long Point Company, and on the west by the lands now owned by the Toronto Big Creek Shooting Company, containing an area of four hundred and twenty acres, more or less, together with all unpatented portions of the marsh and other lands lying in front of lots numbers 14 to 24, both inclusive, and in front of the road allowance between lots numbers 18 and 19, in the broken front concession of the Township of South Walsingham, together with the land covered by the waters of Inner Long Point Bay lying south of a line drawn east astronomically from the centre of the mouth of the present outlet of Big Creek, formerly known as the Port Rowan ship canal, to the point of intersection of said line with a line drawn north astronomically from the most westerly point of Block "C" of the lands of the Long Point Company including any islands lying within that area, is hereby vested in the Long Point Park Commission and set apart as a park, forest reservation and health resort for the benefit, advantage, and enjoyment of the people of Ontario, and shall be known as the "Long Point Park".

Rev. Stat.,
c. 96, s. 4,
re-enacted.

26. Section 4 of *The Long Point Park Act* is repealed and the following substituted therefor:

Collection
of revenues
from pro-
perty and
sale, etc.,
of such
property.

4. With respect to property now or hereafter vested in the commission or which it may manage or control, it may demand, collect and recover from any person

SECTION 23. The section which is repealed requires the filing of a surety bond by each licensed manufacturer of lightning rods.

No proceedings have been taken under the section since the original enactment of the Act in 1922 and the filing of the bond is considered an unnecessary expenditure for the manufacturer.

SECTION 24. A typographical error is corrected.

SECTION 25. The amendment to this section corrects an obvious omission. The section simply declares the Park to be "vested". The amendment adds the words "in the Long Point Park Commission".

SECTION 26. The effect of this section is to permit the Commission to sell land in the Park with the consent of the Lieutenant-Governor in Council, and in the case of an interest in land being sold at a tax sale, to dispose of such interest without obtaining consent. These powers are added to the power of suing for rent or money due to the Commission.

Proviso.

BILL

An Act to amend The Gasoline Tax Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Rev. Stat.,
c. 32, s. 3,
amended.

1. Section 3 of *The Gasoline Tax Act* is amended by adding thereto the following clauses:

(aa) providing for the sale, free from the tax imposed by this Act, of gasoline which has been coloured or otherwise treated or marked under the provisions of *The Gasoline Handling Act*, to any class or classes of purchasers and prescribing the purposes for which such gasoline may and may not be used;

(aaa) authorizing the searching of vehicles and the taking therefrom of samples of gasoline by any peace officer or any officer of the Department of Highways designated by the Minister.

Rev. Stat.,
c. 32, s. 5,
amended.

2. Section 5 of *The Gasoline Tax Act* is amended by striking out the symbol and figures "\$10" in the fourth line and "\$50" in the fifth line and inserting in lieu thereof the symbol and figures "\$25" and "\$100" respectively, and by striking out the symbol and figures "\$50" in the seventh line and inserting in lieu thereof the symbol and figures "\$100", so that the said section shall now read as follows:

Penalty for
violation
of Act or
regulations.

5. Every one who violates any of the provisions of this Act or the regulations, for which no other penalty is provided, shall be guilty of an offence and shall be liable for a first offence to a penalty of not less than \$25 and not exceeding \$100, or to a term of imprisonment of not less than ten days and not exceeding thirty days, or to both, and for a second or subsequent offence to a penalty of not less than \$100 and not exceeding \$500 or to a term of imprisonment of not less than thirty days and not exceeding six months, or to both.

EXPLANATORY NOTES

This Bill and Bill No. 53 are complementary. Their purpose is to authorize the sale to farmers, and other persons entitled to tax free gasoline, of gasoline which has been coloured or otherwise treated in a manner which will permit its identification without collecting the tax imposed by this Act.

SECTION 1 authorizes the making of regulations providing for the sale of coloured gasoline to any class or classes of persons for such purposes as may be prescribed. The regulations may also authorize the searching of vehicles and the taking of samples of gasoline in connection with the administration of this Act. The amendment to The Gasoline Handling Act authorizes the making of regulations providing for the colouring or other treatment of the gasoline as well as for the use of permits or licenses for the sale, purchase or use of gasoline which has been coloured, treated or marked.

SECTION 2. The penalty for violating the regulations, for a first offence, is at present not less than \$10 nor more than \$50. As The Gasoline Tax Act is a revenue Act this penalty is not adequate and is increased to a minimum of \$25 and a maximum penalty of \$100. The penalty for a second or subsequent offence remains the same. The penalties as amended are the same as the penalties prescribed for violations of the regulations under *The Gasoline Handling Act*.

Rev. Stat.,
c. 32,
amended.

3. *The Gasoline Tax Act* is amended by adding thereto the following section:

Evidence of
violation of
Act or
regulations.

5a. In any prosecution for a violation of any of the provisions of this Act or the regulations or of *The Gasoline Handling Act* or the regulations made thereunder,

- (a) a certificate as to the result of any test made, signed or purporting to be signed by a director of a laboratory approved by the Minister shall be *prima facie* evidence of the facts stated therein and of the authority of the person giving such certificate without any proof of appointment or signature;
- (b) proof that any gasoline is of the same colour or has been marked or treated in the same manner as gasoline which may be sold free from the tax imposed by this Act shall be *prima facie* evidence that such gasoline is gasoline which has been coloured, marked or treated under the authority of *The Gasoline Handling Act* and has been sold free from the tax imposed by this Act;
- (c) the finding of gasoline which has been coloured, marked or treated, in circumstances in which it is reasonable to presume that it has been used for a purpose other than those authorized by the regulations, shall be *prima facie* evidence of such use; and
- (d) the finding of gasoline which has been coloured, marked or otherwise treated, in the possession of a person other than a person who may purchase or use such gasoline under the provisions of this Act, *The Gasoline Handling Act* and the regulations passed thereunder, shall be *prima facie* evidence that such gasoline has been used for a purpose other than those authorized by the regulations.

Short title.

4. This Act may be cited as *The Gasoline Tax Amendment Act, 1943*.

SECTION 3. Proof of a violation of the regulations governing the use of marked or coloured gas would, under the ordinary rules of evidence, be unreasonably difficult because of the nature of the offence. Certain presumptions are provided for in the proposed section 5a.
